Would Merge Two Banks in Uptown Area

A plan to merge two uptown banks awaits approval of the U. S. Comptroller of the Currency.

They are the National Ulster County Bank of Kingston and the State of New York National Bank directly across the street from each other.

The National Ulster County Bank of Kingston is at 300 Wall Street, and the State of New York National Bank at 301 Wall Street.

Announcement of the proposed merger was made today by H. F. King, vice president of the National Ulster County Bank of Kingston.

Voted by Directors
It said, "A meeting of the board of directors of the bank was held Tuesday, Aug. 18, and it was voted to merge with the State of New York National Bank, subject to approval of the comptroller of the currency."

The announcement further stated that, "A special meeting of the stockholders of the bank will be called in the near future."

Confirmed by Saxe
The information given by Mr. King was confirmed by John H. Saxe, president of the State of New York National Bank.

Neither had any further comment about the merger, choosing to await the decision of the comptroller of the currency, which has control over all national banks.

Because the proposal to merge came from the National Ulster County Bank, it can be assumed the name of State of New York National Bank will be retained if the merger is approved.

Would Relieve Rush
Business men in the uptown area discussed the proposed merger freely today, and those who do their banking at the State of New York National Bank seemed to welcome the plan in that it would relieve rush hour congestion at their bank.

They presumed that the institution would retain the building of the National Ulster County Bank of Kingston to handle the large volume of business it is doing.

Edward H. Remmert was president of the National Ulster County Bank of Kingston for 25 years until his death on June 23, this year. He was also a director of Electrol Incorporated.

Thousands Jam Forsyth As Two-Day Fair Opens

Under sunny skies and with excellent weather conditions prevailing, thousands of area residents and visitors from other states today wended their way to Kingston's Forsyth Park for the opening of the 2-day Ulster County Fair, which from all appearances promises to be one of the most successful.

The fair program for today will continue until 10 o'clock tonight.

Ends Thursday 5 P. M.
Thursday's schedule gets underway at 10 a. m. and the two-day event will conclude tomorrow at 5 p. m.

Mayor Edwin F. Radel, introduced to the early arrivals by Albert Kurdt, secretary of the Ulster County Agricultural Society, Inc., sponsors of the fair, extended an appropriate welcome to the visitors. His remarks officially opened the 1959 fair.

Exactly at 10 a. m., the brief ceremonies were held and hundreds of persons streamed into the park to view the countless number of exhibits. Many added attractions are featured this year.

Several business establishments, industries and utilities have their merchandise appropriately displayed and demonstrations are being featured by some. The 4-H Clubs, Girl and Boy Scouts and other organizations have entered most attractive exhibits of their work.

Judging Is Underway
Judging of exhibits and livestock entries was expected to be well underway early this afternoon and judging will continue through today and tomorrow, with the awarding of prizes on both days.

Before noon, the park was well crowded and thousands of visitors were moving from tent to tent to view the exhibits, which were exceptionally well prepared and arranged.

First returns of awards reported to the officials office came from the Grange judges. The Grange classes of exhibits were designated as "A," "B," "C" or "D." In class "A" and class "B" each Grange making a creditable exhibit will receive a premium of \$75, in addition to \$20 for first prize; \$12 for second and \$8 for third place.

First Winners Listed
Milton Grange won first place in Class "A" Fruit exhibits, with

Highland, second and Ulster Grange third. In the Class "B" exhibit — non-fruit or general agriculture, Hurley Grange placed first, with Rosendale, second and Lake Katrine, third.

Among the exhibits which attracted considerable attention of the fair-goers, is the one arranged by Boy Scout Troop 6.

First Baptist Church, Kingston. A feature is a reptile show presented several times during the day. Girl Scout Troops, the Ulster County Extension Service Association, Home Demonstration Department, 4-H Clubs, the Ulster County Artificial Breeding Co-op Inc., and many other

Is Against \$6 Million Issue Fox Says True Values Not Increased Enough

Rural assessment rolls of the Kingston School District, consolidated, have been compiled and there has not been sufficient increase in true value of properties to allow a proposed \$5,980,000 bond issue, it was disclosed by Trustee Howard L. Fox in a letter addressed to Eugene DeDea, chairman of the Education Committee of the Kingston Civic Association.

The \$5,980,000 bond issue failed to obtain the required 60 per cent of the 5,864 votes cast at a special referendum on May 5. Votes cast in favor of the bond issue were 3,398 or 57.9 per cent.

Change in View
However, by virtue of a new Education Law signed by Governor Rockefeller, only 50 per cent of the vote would be required provided the assessed valuation in the rural areas in the district were increased on the August 15, 1959 tax rolls sufficiently to permit raising the debt limit for the enlarged district.

It was formerly necessary to compute the constitutional debt limit on a five-year average of all districts in the consolidation. The new law would use a one year average. This could have raised the constitutional debt limit for the enlarged city district.

The present debt limit is \$1,675,000. Had the rural tax rolls increased sufficiently the debt limit could have been increased to the \$5,980,000 and in that instance only a 50 per cent vote would have been required and the May 5 referendum vote would have prevailed.

Superintendent of Schools Dr. Earl F. Soper was out of town today and could not be reached for comment.

Survivor On Quake; Horrible Husbands Begged Wives to Answer

BOZEMAN, Mont. (AP) — "It was horrible," an earthquake survivor said today.

"The children were screaming for help, crying for their mothers," recalled Mrs. Clarence Scott of Fresno, Calif., who came out of the heavily hit Rock Creek area.

"Husbands begged their wives to answer."

Screams for Help
"Someone was screaming for help from anyone who could swim."

"I looked where there had been trailers and tents. They were gone."

Mrs. Scott was in her trailer when the quake rocked the popular vacation area late Monday night.

There was a huge noise. It sounded like a thousand winds going through the trees but no tree was moving.

Knew Some Were Alive
"Something struck our trailer and pushed it up against a tree. The sides and end of the trailer fell off. My husband was gone. I found him just wandering around. He had been in the mud under a tree and managed to squeeze free."

Ray Painter of Ogden, Utah, told of living through those same moments.

"I could not hear my wife but I could hear the kiddies crying and I knew some of them were alive. I begged someone to help lift the tree off my leg. I thought it had cut my leg off. Finally three guys got it off. I found the kids first, then my wife. She had a broken leg."

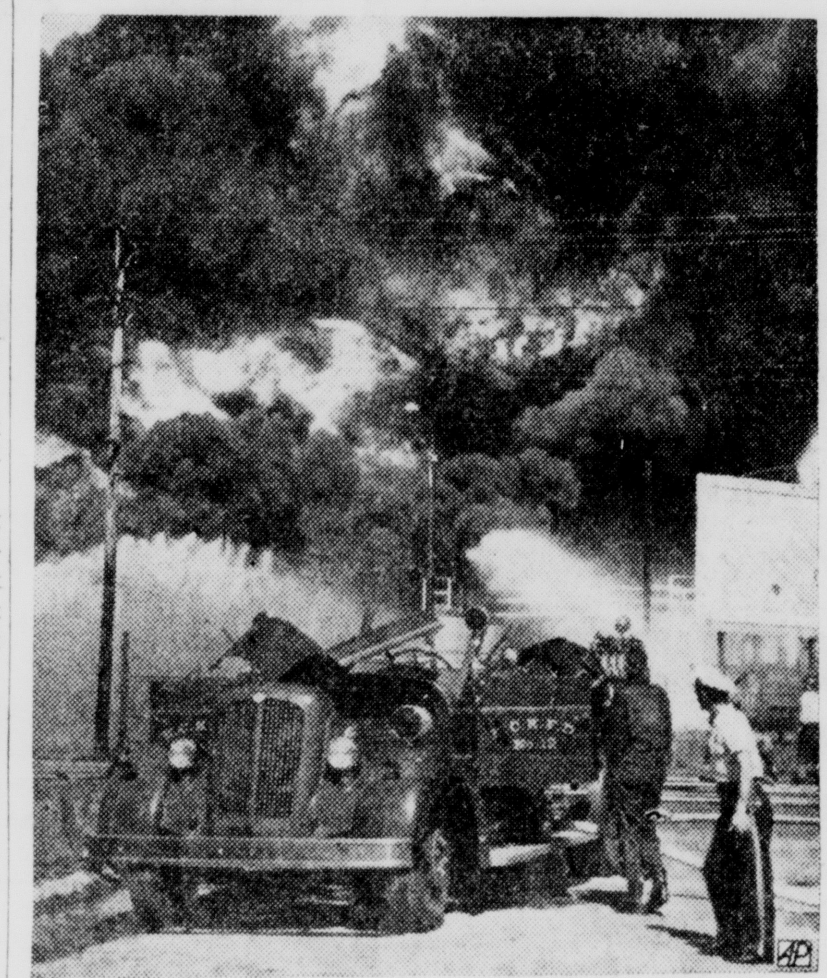

Comforting Reunion
Although injured and shaken, the Painters had a comforting reunion—all were alive.

F. A. Bennett, 45, a Coeur d'Alene, Idaho, truck driver, was vacationing with his wife and four children.

Battered and bruised, Mrs. Bennett spoke through swollen lips from her bed in the small, overcrowded hospital at Emmet, Mont. "There was this great sound," she said. "I found myself rolling along with trees, rocks and water."

Husband, Children Missing
"I really don't know how I got out of it. They say my husband and three of the children are dead. But I have not lost faith in God. I know they will be found."

Mrs. Bennett's husband, their daughters, Carol 17, and Susan, 5, and son, Tom, 11, were listed among the dead. Another son, Phillip, was in the hospital with his mother. He is expected to recover.

A few minutes after this photo was taken by Associated Press photographer William Straker another explosion occurred engulfing the fire engine in foreground in flames. Area Schools to Open Wednesday, Sept. 9th

The student body of the Kingston City Schools, Consolidated, will report and register for the fall term on Wednesday morning Sept. 9.

Dr. Walter Crewson, Associate Commissioner for Elementary, Secondary and Adult Education, is scheduled to address the entire faculty of the Kingston City Schools, Consolidated, at an open faculty meeting scheduled for 9:30 a. m. on Tuesday, Sept. 8.

To Introduce Teachers

This faculty meeting is scheduled in the newly refurbished high school auditorium. At the meeting, Dr. Earl F. Soper said, he hoped to introduce the new teachers for the school year 1959-60, including Franklin H. Hazard, the newly appointed assistant superintendent of schools, and Donald Sweeney, the new principal at School No. 4.

Announcements pertaining to the opening of school, for an anticipated enrollment in excess of 8,000, will be made to the faculty and general instructions given.

During the afternoon of September 8, meetings will be held with the building principals and the directors of special departments.

375 Teachers to Attend

The student body will report and register on Wednesday morning, Sept. 9. Specific instructions as to grade or subject, room assignment, distribution of supplies and local announcements will be made at the faculty meeting.

Prior to taking over as principal of the Rhinebeck Central School, Mr. Copping was supervising principal at Berlin, N. Y., for 16 years, with the exception of three years he served in the U. S. Navy.

4 Victims Were From One Family 25,000 in Park Escape Injuries

WEST YELLOWSTONE, Mont. (AP)—Eight persons were known dead today from a wide-ranging Western earthquake which dealt its most devastating blows in a southwest Montana vacation area.

Officials feared the toll would rise to 13.

Terrifying to Many
Earth slides just west of Yellowstone National Park roared down after the quake, trapping the victims and terrifying other vacationers with a thunder of rocks, earth and trees.

Four of the known dead were from one family. They were F. R. Bennett, 45, of Coeur d'Alene, Idaho; his two daughters, Carol, 17, and Susan, 5, and a son, Tom, 11. Bennett's wife and another son were injured.

See Three Swept Away
The death toll could rise. Survivors reported seeing a couple and a crippled boy swept away in their car by an avalanche. At another location, parts of an automobile registered to Thomas Stowe, 31, of Sandy, Utah, were found. Stowe and his wife were reported missing.

Approximately 60 persons were injured, but only 27 remained in hospitals in four Montana towns. Six were reported in critical condition.

Most of the victims were campers enjoying outdoor vacations in the rugged wilds of southwestern Montana, less than 20 miles west of Yellowstone Park.

Slides Close Roads
The quake first struck near midnight Monday at Hebgen Dam and farther downstream in the Madison River valley, famous trout fishing country.

There were an estimated 22,000 to 25,000 vacationers in Yellowstone Park when the quakes hit, but no one was reported hurt there. Earth slides closed some roads in the western side of the park.

Additional light tremors north of Hebgen Dam were felt Tuesday night, but caused no damage.

None of the famous scenic wonders of the huge summer playground was damaged. Old Faithful geyser, about 40 miles southeast of Hebgen Dam, continued to throw its fountain of boiling water skyward on the hour.

Although southwestern Montana got the quakes' most devastating blows, tremors were reported in British Columbia, Washington, Idaho, Utah, Wyoming and both Dakotas.

Victims at Riverside
The quake victims were camped along the Madison River. It flows from Yellowstone Park westward, then northward to join the Jefferson and Gallatin rivers at Three Forks, Mont., to form the Missouri River.

The dam on the river forms a lake holding about 337,000 acre-feet of water.

A 10-year-old boy, Robert Bennett of Cottonwood, Ariz., told reporters he and his family saw a car containing a crippled boy, a (Continued on Page 12, Col. 6)

Legion Will Keep Site, Plans More Activities

Members of Kingston Post 150, American Legion, attending a meeting last night agreed unanimously that at this time they were not interested in selling the American Legion Memorial Building and would act immediately to expand the post's activities.

The Kingston Board of Education had approached the legion about the sale of the building and property to expand the administrative facilities for the Greater Kingston Area School Consolidation District. No definite offer was received from the board, however, the Legion reports.

Commander Joseph Silis Jr. said statistical reports were submitted by a committee appointed last month to make a survey of properties available in Kingston that

could be developed into a site for the post home. The committee also reported on the feasibility of buying property with a building or land on which a building could be constructed.

Various figures on the value of several properties were obtained from real estate agents and reported to the post members by the committee. Twenty-six Legionnaires attending the meeting, discussed thoroughly the matter relating to the possible sale of the property or its retention.

It was brought out in discussion that the building on West O'Reilly Street was built through public cooperation and donations as a memorial to those who served in World War I. Although the property is owned by Post 150, members present felt (Continued on Page 6, Col. 5)

Rockefeller's Candidacy Is Seen By Nixon Group; N. H. Test Looms

WASHINGTON (AP)—A lot of people may be skeptical, but Sen. Jacob K. Javits (R-N.Y.) says he's convinced Gov. Nelson A. Rockefeller hasn't made up his mind about 1960.

Javits said Rockefeller's flying trip to Washington Tuesday was a mere scratch-the-surface affair without too much political significance.

In the course of the day, Rockefeller talked with President Eisenhower and other government officials on civil defense matters, and met with GOP office holders both in Congress and in the administration.

Some supporters of Vice President Richard M. Nixon thought the interest Rockefeller showed in primaries confirmed their belief that he already is a candidate—though unannounced—for the 1960 Republican presidential nomination.

Sen. Styles Bridges (R-N.H.) with whom Rockefeller talked about next March's New Hampshire primary, left no doubt he thinks the governor is headed for a contest with Nixon in that state.

Rockefeller appeared to be bent on making friends—if not necessarily on influencing them—in appearances sandwiched in between business talks with Eisenhower, Secretary of the Treasury Robert B. Anderson and Leo Hoegh, the

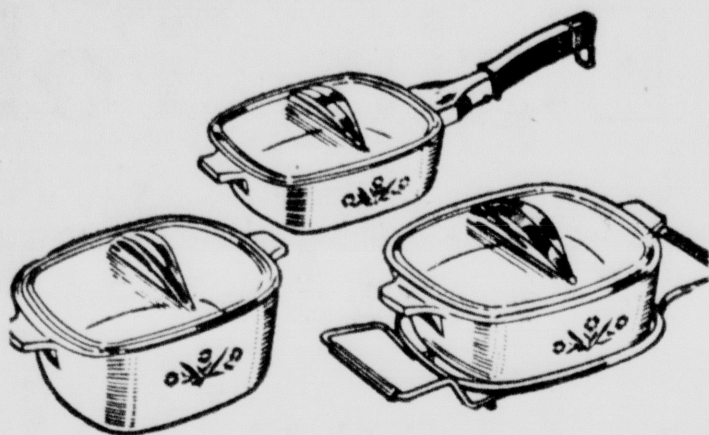

civil defense administrator. At a White House conference after his 45-minute talk with Eisenhower the governor took the opportunity to shake hands with all the newsmen present.

When he visited the Capitol for lunch with Javits and Sen. Kenneth B. Keating (R-N.Y.), some of the gawking tourists might have wondered if a presidential nominee was on the premises.

Rockefeller had a grin and an outstretched hand for everybody, including Republican and Democratic senators who converged on his table. He signed autographs for tittering girl secretaries, shook hands with the Negro waiters and generally acted like a goodwill ambassador for Rockefeller.

Three Area Men Named to IBM Posts

ALEXANDER DARNOVSKY

The appointment of Alexander Darnovsky, of Woodstock, as implementation program manager, SAC Intelligence System (438 L), was announced today by Richard A. Stewart, manager of the 438 L Program.

Darnovsky joined IBM in August, 1950, as a customer engineer in Long Island City. He advanced through defense field engineering assignments at the Poughkeepsie, and Vestal facilities to the position of administrative and technical assistant to the project manager of MA 2 assembly at Poughkeepsie.

In May, 1955, he was named manager of Test Area Two at the Kingston plant, project manager of final assembly and general subassembly seven months later, and division manager of manufacturing operations in April, 1956. He was named manager of administrative planning October, 1957, a post he has held until his present appointment.

Darnovsky attended City College of New York and Syracuse University, and earned a bachelor's degree in electrical engineering from Columbia Uni-

RUSSELL COGAN

The appointment of Russell E. Cogan, of Kingston, as manager of administrative planning was announced today by Richard J. Whalen, general manager of the Kingston plant of IBM's Federal Systems Division.

Cogan joined IBM as a clerk at Akron, Ohio, in April 1949, and later was named office manager in Toledo and Cleveland.

Transferred to the Kingston plant in December, 1955, as a methods analyst, he was named manager of office services in March, 1956, and salary administrator four months later.

A veteran of three years service with the U. S. Army, Mr. Cogan earned a bachelor's degree in business administration from Kent University. Cogan, his wife, Venus, and children, Dana, Linda and Robin, reside at RD 5, Kingston.

A veteran of three years service with the U. S. Air Force, he is a member of the Institute of Radio Engineers.

Darnovsky resides on Bears-ville Road, Woodstock.

GEORGE W. ALLEN

The appointment of George W. Allen, of Saugerties, as development engineer was announced today by Harold D. Ross, manager of research and engineering at the Kingston laboratory of IBM's Federal Systems Division.

Allen joined IBM in August, 1955, as a technical engineer at Kingston in early SAGE computer development. He was named associate engineer in May, 1957, in the standards engineering department and later that year was named project engineer in the same department.

Allen is a graduate of the U. S. Naval Academy, and attended Duke University, the Missouri School of Mines and Metallurgy, and Kansas City Junior College where he earned an Associate Science degree. He is an eight-year veteran of the U. S. Marine Corps, with military service awards including China Service medal, Korean service medal, and the Presidential Unit Citation.

Allen lives at 6 Birchwood Drive with his wife, Patricia, and children, Judith Marie, 10, and Roger Charles, 8.

State to Appeal \$175,000 Award Made to Gielskie

ALBANY, N. Y. (AP)—The state is expected to appeal the award of \$175,000 to Frank Gielskie, 30, of DeLancey, who has been paralyzed since he received a spinal injection in 1954 for tetanus.

The State Court of Claims made the award Tuesday.

Gielskie charged that the State Health Department's division of laboratories erred in instructions distributed with the tetanus serum. He had asked \$250,000.

Edward R. Murphy, an assistant attorney general, maintained that the manner of administration of the serum, not the instructions, was responsible for much of Gielskie's condition.

Gielskie received the serum at Delhi Hospital nine days after he broke his right index finger while participating in a horse-pulling contest near Liberty in September 1954.

Gielskie's attorney contended that the instructions issued by the division of laboratories were "not completely and carefully prepared" in that they said the antitoxin could be administered in the spine.

Kiwanians Hear Matthews' Talk On Conservation

S. James Matthews, local attorney and well-known conservationists addressed the Monday evening meeting of Ulster Kiwanis Club at Aiello's Restaurant on the activities of the State Conservation Department.

After an outline of the programs at the Saratoga Springs Division, Water Power Control Division, Conservation Education Division, Division of Parks, Division of Fish and Game and Division of Lands and Forests of the Conservation Department the speaker concentrated on the Fish and Wildlife Management Act. This act brings the landowners, sportsman and the public into a combined group to consider all conservation problems jointly.

2,000,000 Licenses Issued

In his remarks Matthews said, "There are over 2,000,000 hunting and fishing licenses issued each year and the Conservation Department maintains 845 miles of trout streams in the state. While more people are turning to hunting and fishing less land is becoming available to these sportsmen through posting. It is our hope that the Fish and Wildlife Management Act will open more acreage to the sportsman."

In discussing the realm of Lands and Forests, the speaker pointed out that since 1884 Ulster County has been a Forest Preserve County. Once land has become part of the State Forest Preserve it must remain in its natural state. Matthews asked, "Would someone care to volunteer as to the nearest piece of Forest Preserve land to this restaurant?" upon receiving no reasonable answer he continued, "Adjoining the 9W Drive-in Theater there is a one acre plot and on Route 28 near the Seal College is another smaller parcel."

To take any land from the State Forest Preserves requires two acts of the Legislature and a referendum by the people of the state. This seldom occurs. In conclusion Matthews said, "While we in Ulster County may feel that we have extensive Forest Preserves near us, the fact is that in the entire state 2,500,000 acres are set aside for conservation purposes. The Catskill region only has 234,000 acres of Forest Preserves, including a 400 acre stand of hemlock near Slide Mountain which is one of the largest virgin stands of timber in the country. A walk through a forest of this type cannot help stimulate the spiritual consciousness of the individual who is worn out from the work-a-day world, or as Thoreau put it 'In wilderness is the extension of the world.'"

Announces Horse Show

Prior to Matthews remarks, William Powers, president of the club announced that the fifth annual horse show will be held Sunday, rain or shine. He pointed the individual responsibility of each club member to be at Chambers Field 8 a. m. to do their assigned jobs whether it be parking, refreshments, grounds-keeping or ring duties as the entry response indicates a large number of participants.

Utica Gets 8 Million Job

WASHINGTON (AP)—A contract worth approximately eight million dollars for parts for the Navy's Sidewinder missile has been awarded to the Utica, N. Y., plant of the General Electric Co. The contract was included in 10 million dollars in contracts awarded Tuesday for the plane-launched missile.

Jury Rules Killing Was Justifiable

BELMONT, N. Y. (AP)—A verdict of justifiable homicide has been returned for Eugene Rafalski, 33, who told police he shot his father-in-law in self-defense. An Allegany County Grand Jury made the ruling Tuesday night after a 2½-hour hearing. A first-degree manslaughter charge against Rafalski was dismissed.

The victim was Peter M. Rebutella, 59, a steelworker from Buffalo, who had been visiting his son-in-law's farm near Centerville. Rafalski said they had been arguing about farm business.

He said he shot Rebutella with a .303-caliber rifle when the man threatened to kill him and came after him with a hatchet.

FARM BOGEYMAN

Bogeymen have a way of sneaking off when confronted by facts. Consider the frequent contention that big corporations are gobbling up U.S. farm land at such an alarming rate that the family unit farm may soon vanish. The Department of Agriculture took a look at this particular bogeyman and came up with the conclusion that there is very little truth in it.

After making a survey of farm land ownership in a vast great plains area over the past decade or so, the department concluded that "any increase in the concentration of ownership during this period was slight." It noted that corporate ownership in the area studied accounted for only about two per cent of the land on the basis of value, and only about eight per cent of the acreage.

That sets in perspective the idea that soulless corporations are taking over farm ownership in the United States. It is worth noting, however, that the Department of Agriculture survey does show the number of farm and ranch owners to be decreasing. The average size of ownership units, it is estimated, has grown from 570 acres in 1945 to 643 acres in 1958.

That substantial increase in farm unit size reflects an important factor in agriculture. As production techniques are improved, the large farm unit becomes more and more efficient relative to the smaller unit. The number of farm families is dwindling; the size of farms is increasing. The problems of agriculture cannot be understood except in the light of that change.

SUPER-LIBRARY

The Buck Rogers aspects of our world are not confined to military and outer space developments. Consider the plans afoot "to give our civilization," as Walter Sullivan writes in the New York Times, "an electronic memory." In such a system, vast quantities of material — books and other publications — would be microfilmed and stored in central archives to which libraries all over the country would have access through an electronic code system.

As the project is envisioned, printed matter would be microfilmed using techniques that would permit storage of as many as 10,000 pages on a single card. In this way, astonishing quantities of material could be held available for instant use. Smaller libraries in many parts of the country would have equipment enabling anyone to consult the central archives by asking for the desired material and then viewing it on something like a television screen.

This is no pipe dream. A contract already has been let for development of an experimental system. There appears to be a good chance that facilities of this kind will be available in the not very distant future. All of which suggests, once again, that man can look forward to an increasingly rich and interesting life on earth — if he can avoid losing himself off the face of it.

Advice is the cheapest thing to give — and sometimes the costliest thing to take.

FISHERMAN'S HOPE

After several hours of fishing, this man — call him Bessemer Snide — had to admit that he was skunked. Every bait in the tackle box had been used. The lake had been plumbed, from its weediest shallows to its profoundest depths. Nothing.

"Let's admit it," said Bessemer Snide to his companion in misery, "this is not our morning."

"A shrewd analysis of the situation," agreed the C.I.M. "Let's quit."

So they did. But they were leaving, Snide remarked sulkily. "You watch. We'll get home, and the paper will be full of stuff about how the bass are hitting on Lake Oskewashkewush despite the hot weather."

"Wouldn't doubt it," said Bessemer Snide's companion in misery. "But I don't care. For us, they're not hitting — and probably won't

'These Days'

By GEORGE E. SOKOLSKY

THE CAPTIVE NATIONS

When Nixon and Khrushchev held their now famous debate in the American-style kitchen at the American Fair in Moscow, the cause for Khrushchev's unruly anger was that Congress had passed a joint resolution on July 17, providing for a "Captive Nations Week." The President approved the resolution the same day. Several times, during Nixon's visits with Khrushchev, the latter referred to the "captive" — his captives. After his anger, it struck him as funny. It is not so funny for millions of human beings.

The nations referred to in the resolution are as follows: Poland, Hungary, Lithuania, Ukraine, Czechoslovakia, Latvia, Estonia, White Ruthenia, Rumania, East Germany, Bulgaria, Mainland China, Armenia, Azerbaijan, Georgia, North Korea, Albania, Idel-Ural, Tibet, Cossackia, Turkistan, North Viet-Nam, and others.

This is a long list of areas conquered by Soviet Russia, mainly during World War II and after. Some of them have been incorporated within the Union of Soviet Socialist Republics; others are so-called people's republics. It is a record of the imperialistic success of the Kremlin. The resolution further states:

"... these submerged nations look to the United States, as the citadel of human freedom, for leadership in bringing about their liberation and independence and in restoring to them the enjoyment of their Christian, Jewish, Moslem, Buddhist, and other religious freedoms, and of their individual liberties."

This resolution seems to have bothered Khrushchev more than any criticism that has been made of his brutality or rudeness because it is a wholly true statement of fact. Following the theories of Treitschke, Stalin set out to establish a number of satellite countries that would take the first brunt of war; furthermore, in these satellites first Kaganovich and then Khrushchev found a wealth of raw materials and manufacturing establishments which could be used in the development of a modern industrial complex, capable of fighting a war.

To Soviet Russia, the captive nations represent a Chinese wall against the West. However, that wall is realistically rubble now, that war must be conducted by air-borne bombs, rockets and missiles. Nevertheless, it has been characteristic of Russian history that what the Russians take, they never give up willingly. Russia has been like a rolling snow-ball, gathering size as it rolled on and on.

Men's memories are short. We, in America, forget, for instance, that the United States brought into existence the most progressive Slavic state, Czechoslovakia, was the great friendship of three men, Woodrow Wilson, Professor Thomas G. Masaryk and Charles R. Crane that carved out this nation, liberated it from the Austro-Hungarian Empire and obtained its independence at the Paris Conference after World War I. Czechoslovakia became a democratic republic with Professor Thomas G. Masaryk as president and Dr. Eduard Benes as Prime Minister. Hitler seized this country on the ground that the Sudeten German (Bohemia) were ethnically Germans and therefore belonged to him. The Kremlin succeeded in Hitler's ownership. Czechoslovakia is now practically an integral part of Russia with no life of its own.

Americans were excited when Hitler marched into this peace-loving country of hard-working, energetic people. We are not excited today when Czechoslovakia is, for all practical purposes, a province of Soviet Russia. We are not excited about any outrage committed by Soviet Russia. We made a big noise about Genocide when it affected Hitler; we are silent about Genocide now that it affects Soviet Russia.

In fact, it has become fashionable to go to Russia. Those who do not go there are not "in." I cannot imagine what they are "in" or not "in" but they all went to Russia this Summer like bees swarming together. This Winter, we shall be hearing all about Russia from 10 day experts who saw the Red Square in Moscow, the Nevsky in Leningrad and whatever it is they can see in Kiev — possibly the ancient cathedral. They will all tell the wonders of the one big department store in Moscow, something like Gimbel's basement. They will say all Russian smile when they see Americans. It looks more like a belly-laugh watching the fools part with their money.

★ Dr. Jordan Says: ★ Low Blood Pressure Usually Is Not Cause for Concern

BY EDWIN P. JORDAN, M.D.
Written for NEA Service

I get repeated queries about low blood pressure; for some unknown reason, any number of people seem to worry if the doctor tells them that their blood pressure is low.

Not having discussed the subject for several months, Mrs. S. and several others have asked for a discussion of the "symptoms" of low blood pressure, the treatment for it and similar questions.

There are, in fact, very few diseases, indeed which can be tied definitely to a blood pressure below normal. Furthermore, most of the diseases associated with low blood pressure are relatively rare and can ordinarily be identified easily.

Low blood pressure usually is a matter of little concern from the health standpoint. Low blood pressure alone (unless definitely tied to some physical abnormality — and this is the exception) is likely to be accompanied by a long life and better than average good health.

There are only a few exceptions: One condition known as Addison's Disease is characterized among other symptoms, by a low blood pressure. This disease is rare.

There is another condition in which low blood pressure appears off and on, known as carotid sinus syncope. Sudden pressure on the neck or sudden motion of the head bring on an attack of low blood pressure together, but this is not the type of low blood pressure in which most readers are interested.

Occasionally, a person will have a drop in blood pressure when moving from a lying or sitting position to a standing one, and this may require some attention. It carries the medical name of orthostatic hypotension.

It is doubtful that there are any symptoms which can be blamed on low blood pressure and nothing else. Occasionally people who have low blood pressure complain of lack of pep or some other vague symptom, but lack of pep can result from any number of causes and probably has no relation to low blood pressure.

Even if the blood pressure should have something to do with such complaints there is not much which can be done about it. There is no good, safe way to raise the blood pressure and it is better not to try to do it unless some condition is present which should be treated on its own account.

As one prominent physician wrote: "The patient (with low blood pressure) may be congratulated." I might add that if all that seems wrong is a slightly lower than normal blood pressure, he doesn't need to be a patient.

be until the first of September. I'm through for a while."

Snide was right. There was a fine article about hungry bass, and about how they were responding to lures. So guess what Snide and his companion in misery are going to do tomorrow evening, first thing after supper. Mm-himm. Fishing.

Washington News

NEA Washington Correspondent

WASHINGTON—(NEA) — The battle over labor legislation in the House of Representatives found the Regulation of Lobbying Act of 1951 taking its worst beating.

Labor union spokesmen charge that the National Association of Manufacturers, the U. S. Chamber of Commerce and other business organizations are swarming all over the capital to influence passage of a tough labor law.

On the other hand, AFL-CIO and other labor organizations called many of their state and local union officials to Washington to support their regular capital lobbying staffs. James R. Hoffa alone called in 200 members of his International Brotherhood of Teamsters to work under his chief lobbyist, Sidney Zagari of St. Louis, for the passage of a mild bill or no bill at all.

UNDER THE LAW EVERYONE SEEKING TO INFLUENCE legislation is supposed to register with the Secretary of the Senate and the Clerk of the House of Representatives. Quarterly statements of salary and expenses must be reported.

The two Capitol offices, however, make no effort to classify or summarize the information filed with them. Also, many reports are filed late, without penalty.

Deadline on reports for the April-June quarter was July 10. But it will be several weeks after the labor law is passed—before they are listed in the Congressional Record. So no one knows who is lobbying for what.

Sidney Zagari of Teamsters Union is apparently its only registered lobbyist. He filed a registration statement June 29. He reported "anticipated" expenses of \$25,000 for transportation, printing, breakfast meetings, etc., to influence legislation affecting ... the Teamsters Union.

American Federation of Labor-Congress of Industrial Organizations filed what appears to be a complete report as far as it goes. It covers activities of only five paid Washington lobbyists. They are A. J. Biemiller, G. D. Riley, W. J. Mason, Hyman Bookbinder and John Curran. AFL-CIO reports salaries of \$16,536 and expenses of \$14,544—a total of \$31,080 for lobbying in the second quarter.

By contrast, the National Association of Manufacturers and the U. S. Chamber of Commerce file no report as organizations. Their lobbyists file individual returns that have to be dug out one at a time. They make no pretense of filling in the required registration forms.

Seven NAM lobbyists report. They are Robert L. Humphrey, R. T. DeVany, Joseph L. Borda, Laurie C. Battle, Stephen F. Dunn, Eugene J. Hardy and William G. Neal. Their second quarter statements add up to \$17,950 salary and \$5,278 expenses, for a total of \$23,228.

ONLY THREE OFFICIALS of U. S. Chamber of Commerce report as lobbyists. They are Donald A. Young, Clarence R. Miles and Theron J. Rice. Salaries of only \$3,562 and expenses of \$9.50 are reported, with Rice reporting nothing.

Chamber of Commerce letters file a standard disclaimer in reporting on their lobbying activities. They say, in brief:

"By filing this statement or any subsequent report under the Federal Regulation of Lobbying Act, I do not concede that I am subject to that act or that I am required to file any statement or report thereunder. . . . I am reporting in this fashion on advice of counsel."

I am also advised that the report form issued Jan. 1, 1951, by the Secretary of the Senate

Two Advertisements Will Show Khrushchev the American Way

By DAVID LAWRENCE

WASHINGTON—There's beginning to be a bit of sensitivity about what Nikita Khrushchev should hear or see or read while he is in the United States. But if he is well-advised and really wants to know how the capitalistic system functions, there are two advertisements published in the newspapers in the last few days which will tell him things that may surprise him. They constitute a dramatic lesson in economics.

Pronouncement No. 1 is on the subject of inflation and shows that in America everybody has a right to speak out in the hope of influencing public opinion so as to bring about self-restraint among organized groups. Remedies that in the Soviet Union would be applied by police or military force are left to the people of America themselves to work out through appeals to reason.

Pronouncement No. 2 gives the viewpoint of the steel companies in answer to a previous advertisement by the Steelworkers Union which had pointed to the profits of the employer companies as "fantastic" and had argued that these provide money enough to pay increased wages without a price rise. The steel companies reply that this year the "steelworkers" increased pay outstripped the owners' dividend increase by 86 to 1.

But more important than the debate over whether the profits were large enough to pay more wage increases is the news contained in the statement by the steel companies as to what they did with their profits. The explanation was as follows:

"Roughly one-third of the profit was 'phantom profit' which had to be used to cover the inflated cost of replacing worn-out tools and facilities. This one-third provided nothing for the owners—nothing for expansion. It had to be used just to stand still. Otherwise the steel industry would die a little each year as its plants wore out. And so would the jobs of the over 600,000 employees and the invested savings of its more than one million shareholders."

"Another third or so of the profit went to meet the continuing need for improved or enlarged plants and equipment, necessary working capital, new sources of raw materials, new research facilities, and to improve productive efficiency generally. This was the 're-invested profit' that provides for America's industrial growth, sustains job security, and steadily raises the standard of living of the American people."

"What was left of the profit—\$268 million—went to the owners of the steel companies in the form of dividends. This was the only payment they received from their companies for the use of all the tools that their savings had provided; and it represented an

annual return of about 3 per cent on the present market value of their investment. That is about the same return you get on your savings account at the bank—less than on a government bond."

This debate, revealing how the capitalistic system works, goes on in the midst of a strike that has tied up the entire steel industry and is an example of the free interplay of the forces of public opinion which will eventually influence a settlement of the dispute.

Dramatizes Issue

Pronouncement No. 1 was presented more graphically in an advertisement from another quarter. A big photograph of a pistol, with a lot of bullets beside it, carried the heading: "The Biggest Robbery This Country Has Ever Known." This was published by Young & Rubicam, an advertising agency in the famous Madison Avenue district in New York which is often referred to as the source of many ideas that influence the political battles of our democracy. The declaration was undoubtedly designed to affect public opinion by dramatizing the inflation issue. It said:

"Last year, a thief stole money from 160 million people—including you. He stole some of your food money, some of your savings, some of all the money you earned. He stole some the year before last, the year before that. And unless something is done about it, he'll keep on stealing."

Result: Always Depression
"Who is the thief? The name isn't important—call him 'inflation,' 'high cost of living,' 'The shrinking dollar,' anything you like."

"But what is important is the historical fact that in any country where this inflationary process has been carried to a conclusion, the result has been depression; not 'recession,' but depression—a dark, agonizing period of hardship, poverty and suffering, often leading to revolution and dictatorship."

The argument continues with the suggestion that the government can help by living within its income, while business and labor should be "both judicious and responsible" with respect to pricing and profit-taking and to requests for increased pay. The people as a whole, moreover, are urged not to demand the spending of money by the government for "improvements" unless they are willing to shoulder increased taxes to pay for them.

Here we have debate on the free-enterprise and the free-trade-united system. Both may from time to time bring excesses, but, precisely because these are recognized and publicly discussed, they are eventually resolved. The processes of American public opinion, by noting this form of discussion, Nikita Khrushchev may learn something constructive about what is meant by freedom as opposed to the rule of dictatorship.

AS PEGLER SEES IT

By WESTBROOK PEGLER

COPENHAGEN — Russia never shows the United States the slightest civility unless she is up against it for something she needs to stay alive. She certainly needs food right now when we have so much that we are going broke paying dead storage on it. But whatever she wants, we will be hearing soon, with our noble chief of state twitching again premonitory throes of summitry. And whatever it is, this is the time to make the bums pay through their porcine snout. Because charm is something they can turn on and off as they have demonstrated repeatedly since Geneva, 1955, after my leader, Bill Hearst, and his Rover boy stumbled onto the dawning of the age of civility and cunning in a regime which previously knew nothing of such wiles and got her way with treason and war. I am beginning to suspect that this was one of the great scoops of Journalism.

Poverty is clear and plain in Moscow. Tourists tell me that in India, generations of more or less human specimens are born, live and die without a place to lay their heads. But the present condition of Soviet Russia as indicated by the frowzy, squalid condition of her capital 42 years after the revolution would disgrace any system of government in a great, pretentious state and Khrushchev may have figured on the basis of past experience that he can play the United States for a chump once more in his proclaimed program to pull up even with us as an industrial nation, and after that, leave us behind.

Vice President Nixon's demeanor in barking back at him in public at the kitchen sink in the sample workman's house of our astounding republic has been the American self-respect since Roosevelt sold us down the river in 1933. Herbert Hoover knew their character and citizens of the little blonde Scandinavian countries have been fighting mighty Russia for a thousand years and have kicked the kapok out of whole dumb hordes of them as often as not. In my few random contacts with Danes, Norwegians, Swedes and Finns I find they are amused by our fears because even if Khrushchev should explode his big firecracker assuming that he has it, Russia will go up in the same explosion.

The day of the drunken state banquet is over for Nixon bare-headed tips on his head and like certain, he has learned the lesson from Elliott Roosevelt's account of the grand soiree at Yalta and General Deane's sheepish memoirs of lesser brawls when we were forcing them to let us demolish their two historic enemies.

Meanwhile, our Moscow embassy tells me the Russians are using 43 per cent of their labor force to raise the nauseating garbage which constitutes their fare even in the version which forced most of us onto a starvation diet in their dreary de luxe Ukraine Hotel. We, on the other hand, are using one in 25 to raise food and our hayshakers and scientific study-boys in college are creating such abundance that it costs us about a billion a year just to haul and store the surplus alone. Our proportion of "farmers" to the labor force is one in 25. Bubble-head Wallace is not stupid in all matters and we probably can rely on his report in 1945 that it took the efforts of five families of Chinese farmers to raise enough to feed themselves and one city family.

My Russian contacts have been mainly in tourist guides and other such employees, all indoctrinated from childhood and qualified to howl to the line. They excuse the bleakness of their life, and the capital is the most comfortable spot in the empire, on the ground that they had to knock off their great program of reforms to fight a war which scuffed up much turf and knocked a lot of the plaster down. They have no idea that we saved them from Hitler. They probably aren't told that war on Russia by their abuse and treachery in all their dealings with every civilized nation that was foolish enough to treat Russians as human beings. If we had lived as close to Russia as Germany was, we probably would have been absorbed like Poland and the Baltic states. As Nixon showed in the case of Truman's pet herring, Alger Hiss, and Joe McCarthy and others proved beyond doubt, in other quarters, we were rotten inside practically all departments, including the U. S. Army's highest intelligence office.

These Muscovite guides point with pride to the miles of new apartment buildings, most of them 10 stories high, but I went snooping alone and walked through arcades in such blocks to observe that the buildings are

only 50 feet deep and serve to hide horrible patches of old log houses which are surrounded by filth and still inhabited.

The rooms are small and I saw, night and day, washing hanging on the lines in rooms which have no real curtains but, only translucent draws on cord for privacy from outside. Indoors, the little rooms are partitioned by curtains.

This was midsummer but I never saw any kind of beans, peas, asparagus or spinach in the hotel or in the stores and the few miserable tomatoes were hard and tiny. They are crazy about raw, green cucumbers usually picked with that fish-belly pallor on the down side. Khrushchev is up against it for machinery, for, as he could soak up millions and millions of women's gingham, percale and nylon things which are the pretty ordinary clothing of so many of our working girls. Meanwhile, those Russian women who don't work in overalls drudge along in dismal, shapless rags.

Ike is in a fine position to bargain this time.

Baird Is Released In Own Custody; Held in Shooting

First Lt. Lindsey L. Baird, 27, a military police officer assigned to Fort Totten, L. I., who was charged with second degree manslaughter and criminal negligence in handling a firearm, has been released in his own custody by Greene County authorities.

Lt. Baird was arrested Sunday in connection with the death of 58-year-old William Pushman, of Newburgh, who was shot in the heart with a .22 caliber bullet fired by the Army lieutenant, according to authorities.

State Police said Baird admitted firing a target rifle "almost at random" from a spot near his cabin in the Catskills. Police said the lieutenant told them he fired across a meadow at a tree but he didn't see anyone in line of fire.

Troopers said that Baird did not know his bullets had hit anyone. Pushman's body was found Sunday about 300 yards from the cabin where Baird, his wife and two children, had been staying. They left for home Saturday night.

Bowlatorium May Become College

A special meeting of Ulster County Board of Supervisors will be held Thursday, Aug. 20 at 8 p. m. "for the purpose of acting upon the purchase of a certain parcel of real estate for county purposes."

No announcement was made as to the property under consid-

eration, but it has been rumored that the purchase may be in connection with the establishment of a community college.

One of the properties which has been under discussion as a possible site is the former Ruzzo Bowlatorium on Grand Street recently vacated by International Business Machines Corp. which had the premises under lease. The property is to be sold at public auction on Monday, Aug. 24 at noon at Ulster County Court House.

Weather Is Help To Street Work

City street work, aided by favorable weather, continued this week with the straightening and resetting of curbs on West Union Street, after recent completion of several projects, it was noted today.

Listed as recently completed were Adams, Oak and Emerick streets, and South Clinton Avenue. Also preliminary work is under way on Harding Avenue and Savoy Street, and the final grade and paving base course has been completed on Hamilton Street.

Many streets slated for secondary type paving have been given first treatment in the 12th and other wards. The program calls for work on streets in all wards.

Favorable weather has been a helpful factor, said Mayor Edwin F. Radel, and he felt that "continued good weather will assist in completion of the entire program as proposed earlier in the year."

16 Drivers Pay \$210 Fines

Linderman Avenue Man Gets Stern Treatment From Klein

A driver arrested last night on charges of speeding and reckless driving in a congested city area received stern treatment by City Judge Aaron E. Klein today and 16 others paid \$210 in fines at last night's city court session.

Robert Rockwell Jr., 20 of Linderman Avenue Extension, booked on the two charges, was given the choice of paying \$100 fine or spending 50 days in jail, plus 30 days suspended sentence on the reckless driving charge. On the other the sentence was a fine of \$25 or 15 days in jail, plus six months suspension of license and the same time on probation.

Summons listing the charges were issued by officers Thomas Kearney and Vincent Eckert, and the traffic violations were al-

legedly committed on several streets in the vicinity of the Broadway railroad underpass. Rockwell paid the fines.

Scores Wild Drivers

Judge Klein emphasized that the defendant had jeopardized lives of others by his wild driving.

In addition to the heavy docket of traffic cases last night, two of three persons arrested yesterday on disorderly conduct charges, after a reported disturbance on Wall Street near the court house, were sentenced, and the other is due for hearing Aug. 25.

Others Fined

Fined \$15 last night for speeding were: Philip J. Gromoll, Route 1, Box 74, New Salem; Norman Purdy, 673 Broadway; Grace Wojciehowski, 230 Third Avenue; Joseph G. Farrell, Box 16, Cherry Hill Road, New Paltz; James E. Whitaker, Route 2, Box 104, New Paltz; Arthur Orthlieb, 12 New Street; Lloyd McGuire, Box 163, Tillson; Charles Green Jr., Eddyville; Albert Hilden, Ulster Park; John P. Motrie, 112 Broadway; and David Davis, 41 Cedar Street.

Arthur Schoenher, RD 2, New Paltz, was fined \$10 on a speeding charge and a charge dealing with lack of license, lodged against Joseph G. Farrell was dismissed. One charging lack of registration against Robert D. Mitchell, of RD 1, Box 458 Kingston, was also dismissed.

More Fines Imposed

Others fined were Nicholas Buonfiglio, Box 418, Saugerties, driving on wrong side of street, \$5; Ernest Storn, 214 East 20th Street, Bronx, red light, \$10; Walter Eugene Wells, 32 Clay Road, Ulster Park, stop-sign, \$5; and Joseph Carrubba, RD, Kingston, red light, \$5. Edward E. Reynolds, of 31 Stuyvesant Street, charged with driving an unlicensed vehicle, was fined \$5 today.

The three arrested yesterday for alleged loud arguing and creating a disturbance were: Joseph Lamonte, 22, and Jacomina Lamonte, 17, of Lake Katrine, and Robert Crowe, 18, of 13978 Washburn Avenue, Detroit, Mich.

Joseph Lamonte was given a suspended sentence of 30 days in jail, plus six months probation. Crowe was given a suspended sentence of 30 days, and the case of Jacomina Lamonte was put over to Aug. 25.

Urge Help of Public

Local police today requested cooperation from the public in facilitating traffic movement on streets in the Forsyth Park area during the Ulster County Fair. It was emphasized that streets will be less congested if all cars are parked in the Dietz Stadium parking ground area.

Nearly one-third of the 1,400,000 population of Northern Ireland live in the capital, Belfast.

THE COST AIN'T HAY—Pickets at a Newport, Ky., steel plant arrive on horseback for a sit-down tour of duty. Cost of the nation's steel strike is, however, far from "hay." It is estimated that strikers and industry are losing a total of some 29 million dollars each day.

Fox Says . . .

to Eugene DeDea, chairman of the Education Committee of the Kingston Civic Association, in regard to the bond issue follows:

"I wish to call your attention to the fact that the rural assessment rolls of our school district have been compiled and there has not been sufficient increase in true valuation of our properties to allow the proposed \$6,000,000 Bond Issue of May 5th to pass on a 50 per cent basis.

"Since the voters of our school district did not give the Bond Issue a favorable 60 per cent majority on May 5th, I feel that our Board should now immediately declare that the Bond Issue has been defeated.

"Unfortunately, since some members of the Board are not satisfied with the results of the referendum, they are looking for 'legal loopholes' to declare the Bond Issue passed despite the negative vote of the people.

"We all know how the previous Board of Education overrode the results of a public referendum on Consolidation. Even though the Board members were denounced by nearly everyone in Kingston for their action in that instance, it appears that they may now try to circumvent the will of the people as expressed in the May 5th referendum.

"In my opinion the Board made a clear-cut commitment to our voters that the fate of the Bond issue would hinge on the August 15th rural assessment rolls. Therefore, they have no alternative but to accept the decision of the qualified voters of our school district as expressed on May 5th and they should immediately state that the Bond Issue has been defeated.

Picking Panel in Raid Cases

Zickitella Held for Jury In Assault of Thomas Chase

Joseph Zickitella, 30, of 25 Foxhall Avenue, charged with second degree assault for allegedly breaking the jaw of Thomas Chase, 22, of 13 Spruce Street, a gas station attendant, last Saturday night, waived examination before City Judge Aaron E. Klein today, and was held for grand jury action.

Jury selection was also under way today for trial of several defendants arrested late in July as alleged bookmakers. The arrests resulted of raids by local and state police at seven city addresses. Of 13 booked, five have pleaded guilty and paid fines, to date.

Zickitella's arrest followed a reported dispute over the functioning of a Coca-Cola machine in the Frank Nadal gas station, Broadway and East Chester Street.

Would File Countercharge Attorney Thomas F. Saccoccia, assigned by the court, appeared for Zickitella today. The defendant indicated he wanted to file a counter charge against Chase. That, said Judge Klein, would have to be dealt with separately. Attorney John E. Gotelli appeared for the district attorney's office.

At the time of his Aug. 15 arrest, Zickitella was slated for an Aug. 26 city court appearance on a third degree assault charge. Frank Marelo, of 376 Hasbrouck Avenue, is listed as complainant in the latter, and it is alleged that Zickitella had struck Marelo at Kingston Point beach.

An Aug. 12 police report noted that Zickitella, who had just completed a sentence of 10 days in jail on a disorderly conduct charge, was booked for the alleged assault against Marelo.

Booked for Weapon

Horace P. Manley, 24, of 83 Damerest Street, Newark, N. J., booked over the weekend on a charge dealing with the carrying of a dangerous weapon, was sentenced to 30 days in jail. The arrest followed reported trouble of Gage Street. It was charged that Manley had carried a long-bladed kitchen carving knife.

The arrest followed a report that Manley had been seen with the knife near 99 Gage Street. It has since been noted that no trouble was reported at that address, but near another address in the area.

Judge Klein said the jail sentence would permit the defendant time to consider the serious consequences that could have resulted had he decided to use the knife.

A third degree assault charge against Paul Stokes, 48, of 11 East Pierpont Street, who was arrested Sunday, was withdrawn. Police said the charge was lodged by the defendant's wife after a reported "family dispute."

Apparel Valued At \$1,650 Taken From Wagon Here

Police were asked Tuesday to probe reported theft of two women's suits, and a mink stole, said to be valued at \$1,650 from a station wagon parked uptown.

Sheriff Spencer of the Stanley Wolf Ranch, Buckley Street, Liberty, told police that the suits, each with a fox fur jacket collar, the stole, and several suitcases were in the vehicle, but "nothing else was touched."

The station wagon, she said, was parked late yesterday morning on John Street near the Mohican Market. A reward was offered for information, which might lead to return of the suits, police noted.

Detectives are investigating.

Legion Will . . .

it was a moral obligation to retain the building.

At the conclusion of a lengthy discussion, Attorney Sherwood Davis, judge advocate of the post and a past commander made a motion to retain the Legion property building and to expand the post activities. The motion was passed unanimously.

Commander Sills then appointed the executive committee members to join the activities committee and work together as a special activities committee to plan future events of the post.

Thomas Bohan, who was elected a third district commander at the State American Legion convention in July, was named chairman of the special activities committee, which will meet soon to outline future activities of the post.

It was reported that there were 17 World War I veterans at the meeting, eight from World War II and one from the Korean conflict.

It was pointed out that the membership of over 600 was not notified in writing 10 days prior to the meeting to discuss sale of the building in accordance with the corporation laws of the state.

When the proposal was made not to sell the building, an amendment was added, saying "not at the present time."

Frederick L. Roessler

Funeral services for Frederick L. Roessler were held Tuesday at 10 a. m. at Francis J. McCarrle Funeral Home, 99 Henry Street, with the Rev. D. L. Sheldahl, pastor of the Gloria Dei Episcopal Church of Palenville, officiating. Numerous and beautiful floral pieces completely banked the casket. Executives and business associates of the International Business Machines, Inc., attended the services. Cremation took place at Ferneliff Crematory, Westchester County.

Francis X. Pfeiffer

Francis X. Pfeiffer of College Point, L. I., formerly of Saugerties, died Tuesday at Veterans Hospital, New York City. Surviving are his wife the former Amelia Linder, a son William of Hyattsville, Md.; five grandchildren and four brothers, Nicholas J. of Kingston, Luke of Cleveland, O., John of Glasco and James of Saugerties. The funeral will be held Friday 9 a. m. from Weidig Funeral Home, College Point, L. I., thence to St. Fidelis Church, College Point, where at 9:30 a. m. a Mass of requiem will be offered for the repose of his soul. Burial will be in Long Island.

Louis Jousse

Louis Jousse, 77, of the Culinarian Home, New Paltz, died in the Blue Nursing Home there today following a short illness. Mr. Jousse was born in Paris, France, in 1882, the son of Maxim and Marie Claire Souris Jousse and after coming to the United States many years ago. Mr. Jousse was a chef in Florida. There are no immediate survivors. Funeral services will be held Friday 2 p. m. at the Gordon D. Pine Funeral Home Inc., New Paltz, with the Rev. Gerret Wulfschlegel, pastor of the New Paltz Reformed Church, officiating. Burial will be in the New Paltz Rural Cemetery. Friends may call at the funeral home Thursday afternoon and evening.

Farm Bureau

The Women's Committee of the Ulster County Farm Bureau has been busy on three projects in the last few months.

They have completed a telephone list which will soon be in the hands of all members. This booklet will be used in conjunction with the "telephone relay" when it is needed.

A second project has been the litter bags which the Ulster County Farm Bureau had bought and the Women's Committee has placed in a great many gas stations throughout the county for distribution. It is their sincere hope that Ulster County will be kept clean of "litter." In some recent publicity on the "littering" problem, it was noted that cleaning up primary highways in the U. S. costs \$50 million dollars, and all because of the selfishness and irresponsibility of Mr. Average Citizen. The Farm Bureau hopes in its small way to keep the county green and uncluttered.

Menu clips which focalize attention on Ulster County products are being distributed to restaurants throughout the county. Restaurants desirous of receiving "menu clips" may contact Mrs. Gerald DeWitt, Accord.

The Women's Committee is chaired by Mrs. Gerald DeWitt, Accord. Others on her committee include Mrs. Roderick Dressel, New Paltz; Mrs. Eugene Coy and Mrs. Robert Coy, Ardonia; Mrs. Richard Schoonmaker, Wallkill; and Mrs. Donald Schoonmaker, Accord.

Collect \$1,393 Here For Underpaid Wages

Over half a million dollars in minimum wage underpayments—\$1,393 in Ulster County—was collected by the State Department of Labor during the first six months of 1959, Industrial Commissioner M. P. Catherwood announced today.

The department's division of industrial relations collected a total of \$536,391 from 4,607 establishments throughout the state, and distributed this among the 13,985 workers to whom the money was due.

In Ulster County, a total of \$1,393 was collected from seven establishments for 27 workers.

James H. McCabe Jr.

Atoms for Peace Mobile Unit to Be At Paltz College

"Atoms for Peace," a mobile unit of the Oak Ridge Institute of Nuclear Studies, will be on exhibit at the State University Teachers College, New Paltz, Thursday and Friday, Aug. 20 and 21, from 10 a. m. to 3 p. m.

The unit will be placed in the main building and the campus school, and the general public, as well as students and faculty, are invited to view the exhibit free of charge.

Located in a walk-through vehicle, the exhibit contains 60 feet of panels, models, and animated displays on eight major topics of atomic energy.

These topics include: Man and Energy, Atomic Fuels, Fission, Nuclear Power Programs, Radioisotopes, Safety, International Cooperation, and Fusion. About 35 minutes is needed to view the entire exhibit.

The program is under the auspices of the National University Extension Association Science Training Program.

See Red Propaganda

WASHINGTON (AP) — A Moscow claim that missile-shooting Soviet submarines could bombard American industrial centers from Hudson Bay appeared today to be more the idea of propagandists than of undersea warfare experts. U.S. submarine specialists conceded it is not impossible submarines could enter Hudson Bay from under the arctic ice and then launch their missiles at intermediate range as claimed by the naval newspaper Soviet Fleet.

But the American specialists said waters and geography of the area make it one of the more unlikely spots for submarine operation.

ANTICIPATE AUGUST BARBECUE — Nick Marom (l-r) of Highland, Leslie Mott of Esopus and Henry Cameron of West Park, taste some special sauces they have cooked, the recipes of which will be repeated at a chicken barbecue on Saturday, Aug. 29 at Church of the Ascension, West Park. Mrs. Cameron is chairman of the third annual gala event. Ingredients for the sauce, are a "deep dark secret" according to Mr. Cameron. Public is invited to attend the barbecue. (Freeman photo)

Measure Passes In House to End Equal Time Law

WASHINGTON (AP) — The House has passed a bill to end the equal time requirement for radio and television stations in news broadcasts about political candidates.

Under existing law, broadcasters who display a political candidate in the course of a newscast must give equal free time to any other bona fide candidate for that office.

The House bill, passed by a one sided voice vote Tuesday, would exempt from the equal time requirement any appearance of a candidate on a bona fide newscast or on-the-spot coverage of a news event. If the candidate's appearance was incidental to presenting the news.

Youth Fatally Stabbed

MIAMI, Fla. (AP) — A 20-year-old youth was fatally stabbed Tuesday night in a Latin American brawl witnessed by 200 persons.

Police said the melee outside a Cuban coffee-stall did not appear to stem from Cuban politics. They said Jose Gavila and another youth, who had shaved their heads, apparently got into an argument with several unidentified youths over their appearance. Gavila was stabbed by an unknown knife-wielder.

Report Acid Is Thrown at Jersey Solon in Capital

WASHINGTON (AP) — Congressional associates quoted Rep. Frank Thompson (D-N.J.) today as reporting acid was thrown on him from a passing automobile Tuesday as he drove to his office.

Thompson himself was not immediately reachable for details. Rep. Stewart L. Udall (D-Ariz.), a close friend of Thompson, said the New Jersey representative told him and a few others about the incident.

Udall said there was an acid hole through Thompson's clothing and a burn on his arm, about the size of a dime.

Thompson was quoted as saying he threw up an arm when he saw the fluid being squirted at him from a syringe, and thereby protected his face.

The Washington Post quoted a source close to Thompson as saying he had been receiving anonymous telephone threats for about two weeks in connection with his activities as a leading backer of the "middle-of-the-road" labor control bill in the House. The House finally dropped that bill in favor of a broader measure, after turning down a still less stringent one.

Udall, however, said that in talking to him Thompson mentioned no such threats. The Arizonaan said Thompson steered clear of relating the incident to his labor legislation position or

any other activity.

Fellow congressmen reported

Thompson told them the acid was beside the driver in a small panel his car at a stoplight on Independence avenue near the Capitol.

Ithaca Judge Is Assured Election As Moose Leader

PITTSBURGH (AP) — Judge Louis K. Thaler of Ithaca, N. Y., was assured today of election as

supreme governor of the Loyal Order of Moose, which is holding its annual international convention here. The supreme governor is the organization's highest post. Judge Thaler was nominated without opposition Tuesday. He will succeed Henry F. Walenwein of Chicago.

Foreign Supplies May Grow

Defense Firms See Enough Steel From Oct. to Mid-60

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—How is the steel strike affecting the nation's defense industries — vital in this time of world tension?

Will the step-up in steel imports hold over to plague the domestic mills after the strike?

What do the users of steel think about the industry's stand in the strike and about the chance of paying higher prices when the mills operate again?

Associated Press reporters asked these questions in all parts of the nation.

Foreign Steel Vital

They report that present supplies will last holders of defense contracts anywhere from this October to mid-1960.

They find several users of steel buying foreign metal, even if it costs more, and predicting that if a domestic price rise follows the strike's end, more foreign steel will be coming this way.

Those who will discuss the steel industry's stand are saying, "Inflation has got to be stopped some place." The closer they are to the steel industry itself, the more vocal they prove to be.

Foreign steel plays an increasing part in the planning of many companies. Thomas C. Fogarty, president of Continental Can, says: "We've been importing steel from Wales since April, and we've also arranged to meet our Cuban steel requirements with shipments from overseas. Most of this steel costs us more than we usually pay."

Stop-Gap Plan Now

The Klein Manufacturing Co. of Burlington, Iowa, is buying steel from French and Belgian plants.

Vice President Walter Klein says it's a stop gap measure, "but if domestic rates are hiked after the strike, steel companies in this country will lose more business to foreign producers."

New Orleans, Houston, San Francisco and Seattle report a big jump in steel imports as users prepared for the strike.

Most defense contract holders report good steel supplies on hand, wherever they got it.

No Immediate Effect

In Texas, Chance Vought Aircraft and Temco Aircraft have six weeks to two months stocks on hand. In East Hartford, Conn., Pratt & Whitney sees no immediate effects from the strike likely. In St. Louis, McDonnell Aircraft says it will be in great shape until October.

Newport News Shipbuilding and Dry Dock Co. says its three-month supply will keep work going on its nuclear-powered aircraft carrier and submarine. New Orleans reports its ship yards have good stockpiles and expect no delays.

The same applies to the San Francisco waterfront. Bethlehem Steel's shipbuilding division at Quincy, Mass., has seven ships under way and hasn't been hurt yet even if the parent company is strike bound.

No Check, Please

BUFFALO, N. Y. (AP) — Milton Becker, 23, who was sentenced to \$500 or 500 days on his guilty plea to a charge of passing \$12,000 in bad checks, offered to pay the fine with a check Tuesday.

City Judge James B. McKenna declined and Becker started a 500-day sentence in jail.

Jury to Decide Owner of \$10,000 Found in Field

BUFFALO, N. Y. (AP) — A jury trial has been ordered to determine who owns nearly \$10,000 that three boys found in a field last January.

Justice Alfred M. Kramer of State Supreme Court denied a motion for a summary judgement Tuesday that had been requested by Mrs. Mary Panek, 65, of suburban Cheektowaga.

She told the court that she distrusted banks and that she put the money in a bag and hid it in a field near her home while she was away.

The boys, Roy Anderson, 14, James Weiglen, 11, and Otis Montgomery, 13, found the money Jan. 30 and turned it over to Cheektowaga Police. If no rightful owner is found, the money will be divided among the three.

No Delegates

The colony of Georgia did not even send delegates to the First Continental Congress, but it later was the first southern state to ratify the Constitution.

Molyneux Seeks Supervisor Job in Woodstock Town

A Kingston attorney, who resides on Ohayo Mountain Road, Woodstock, has announced his candidacy for the post of Republican supervisor of the town.

Abram F. Molyneux today said he would seek nomination at the town caucus of the Republican party which will be held in September on a date to be announced.

Molyneux said he had been approached by many active Republican party members about seeking the office since Joseph Fitzsimmons made it public that he would not seek re-nomination.

Is Town Legal Advisor

He told a reporter: "Quite recently, I decided that since I am interested in the community of my choosing, and particularly in the government of the community, there can be no better place to participate than in the office of supervisor."

Molyneux said his position as legal advisor for the town gives him a thorough knowledge of its problems and programs.

"I am fully in accord with the newly aroused interest in our community on the part of so many citizens and heartily endorse the participation taken by the Woodstock Republican Club, the Woodstock Association and the town board," Molyneux said.

He feels that appointment by Supervisor Fitzsimmons of the bi-partisan committee to study the advisability of planning will produce a result and recommendation that will benefit the entire community.

Will Continue Policy

"I sincerely hope to foster and nourish this increased interest in community affairs," he declared. A native of Kingston, Attorney Molyneux attended public schools here and graduated from Union College, Schenectady, and Albany Law School.

He is married to the former Jane Wilson of Mansfield, Ohio. They have a daughter, Helen.

A veteran of World War II, Molyneux served 39 months in the U. S. Army, two years of which were spent in the Pacific area as a special agent in the Counter-Intelligence Corps. He is a member of Woodstock Post, American Legion.

Attorney Nine Years

Molyneux is also a member of the Ulster County Bar Association, American Bar Association, and the New York State Bar Association. He has practiced law in Kingston for nine years, and served as Woodstock town legal advisor for two years. He is a past president of the Woodstock Foundation, the Woodstock Guild of Craftsman, of which he is a trustee; past president of the Trail Sweepers Ski Club.

Flour This Way

Here's how to "flour" a pan in which cake is to be baked. Grease the pan well, then throw in a tablespoon of flour; now tip the pan in all directions so the inside will be covered with a film of flour. Empty out any flour that does not stick to the pan.

NEW YORK (AP)—The stock market stumbled lower early this afternoon as turnover quickened.

Continued liquidation shaved fractions to around a point off the prices of leading issues. A few stocks took even bigger spills. Losses filtered through all sections of the list. Steels, motors, aircrafts, electronics, metals, chemicals, rails and oils generally retreated.

The slump lengthened the losses of Tuesday when late selling knocked the market for a sharp drop.

Prices moved steadily lower in early trading. After a feeble mid-morning rally petered out, the market resumed its decline.

Steels weakened as no sign of a break in the industry strike deadlock appeared. U. S. Steel, Bethlehem and Republic Steel each fell around a point.

Leading motor shares slumped nearly a point.

Anaconda and Kennecott slipped around 1.

Some space age issues took steep losses. Texas Instruments sagged about 3, Zenith around 1 1/2 and General Tire more than 1.

Chemicals continued to recede. DuPont dropped more than 3, American Cyanamid more than 1 and both Allied Chemical and Union Carbide about 1.

Seaboard Airline Railroad led the decline in rails with a loss of about 1 1/2. Southern Railway and Southern Pacific fell around 1.

Steel Facts On Strike Due Tonight

WASHINGTON (AP)—A collection of facts about the steel strike will be released by the government tonight in the hope of budging the deadlocked negotiations.

Hopes Data Will Help

Secretary of Labor James P. Mitchell said he would make public statistics his staff has gathered about wages, profits, productivity, prices and related aspects of the industry.

Mitchell, who announced his decision to release the report after conferring for 45 minutes with President Eisenhower, said he hoped the information would cause both sides to "bargain a little harder and reach a settlement."

In New York, chief federal mediator Joseph P. Finnegan said Mitchell's announcement had no effect whatsoever on negotiations Tuesday.

Strike on 36 Days

"I must say the picture at present is distinctly gloom," Finnegan added.

The strike has lasted 36 days. Half a million steel workers are out and 150,000 in related industries have been laid off.

Officers Upheld By LR Board in Squealing Rally

LITTLE ROCK, Ark. (AP)—The Little Rock Board of Directors Tuesday aligned itself against the segregationist position after almost two years of unyielding neutrality in the integration struggle here.

The board said it could find no basis for segregationists charges that police used brutality and violated a constitutional right of peaceful assembly when they squelched an anti-integration demonstration Wednesday at Central High School.

The seven-member board said it felt officers acted legally to maintain order and protect life and property. It referred complaints filed by two women segregationists to the U. S. Justice Department as the proper authority to probe alleged violations of civil rights.

Previously, the board had refused to involve itself in any manner with the integration issue. But it drew segregationist criticism for ordering police to maintain order when schools opened.

Four negroes attended two once-white schools for a fifth straight day Tuesday. There were no reported incidents outside the schools and school officials said everything was quiet inside.

Attendance at four high schools continued to climb, reaching a total of 2,636. Average daily attendance was about 3,500 before Gov. Orval E. Faubus closed the schools against integration a year ago.

Senate Approves

into the usual committee channels. Leaders have dropped an earlier plan to take the bill up quickly without sending it to committee.

Would Help Industry

There was speculation the measure might be sent to President Eisenhower in the closing days of the session on a take-it-or-leave-it basis.

The bill carries authorizations for some new government-financed housing programs as well as for others which are out of funds. It also includes various liberalizations of the FHA mortgage insurance program designed to help private industry.

Expect Ike To Approve Pension Bill

WASHINGTON (AP)—President Eisenhower has before him today a bill that raises veterans' pension benefits by 10 billion dollars over the next 40 years.

The Senate completed action on it Tuesday by withdrawing a Senate amendment to which the House objected. That would have given veterans of World War II and later another year to take out National Service life insurance.

The Eisenhower administration has opposed the bill strongly in its present form but there was considerable doubt the President would veto it.

The Senate passed the bill last Thursday by a vote of 86-6 and the House by 226-34 on June 15. Both votes are well over the two-thirds margin needed to pass a law over the President's veto.

The bill concerns only pensions for veterans with non-service-connected disabilities and their dependents.

Quake Dead

man and woman buried by a slide 50 feet from the Bennett car. It could not be determined if the three escaped.

At one time Tuesday night the death toll was given by officials as 19, then was revised downward by Montana's civil defense director, Hugh Potter.

But sheriff's officers near the quake-stricken area said others might have been carried to their deaths beneath slides.

Jeep, boat and helicopter were used to rescue an undetermined number of persons reported marooned by the slides in the Madison River valley.

Many of 150 Safe.

At one time 150 were reported trapped below Hebgen Dam, but many reached safety by Tuesday night.

The dam took a severe pounding from the mighty shocks. For a time officials feared it might go out, unleashing a flood down the canyon.

Montana Power Co. officials said one abutment of the 87-foot-high Hebgen Dam was jarred loose by the quake, but it still held.

The quakes tilted land behind the dam, raising the south shore from 6 to 15 feet and dropping the north shore by the same amount.

There was some concern because a high earth barrier was created by a slide back of the dam. Waters of the reservoir rose high against the barrier as men with bulldozers battled to clear a channel through the packed earth and rocks.

Thruway Workers To Discuss Union Plans Thursday

Employees of the New York State Thruway Authority in the Kingston and Catskill sectors will attend a meeting Thursday night at the Saugerties Firemen's Hall, to discuss plans for organizing Council 50 of the State, County and Municipal Workers Union, AFL-CIO.

Edward Lasher, a spokesman for the group, said the employees have been considering the organization for some time and district meetings will be held for the purpose of enrollment.

Martha, Sixth Split.

NEW YORK (AP)—Comedienne Martha Raye and her sixth husband, former policeman Robert O'Shea, have parted after nine months of marriage, the New York Post said today.

It quoted Miss Raye's manager, Nick Condos, one of her former husbands, as saying: "It's all over between them. They have separated with the intention of divorcing."

McGrath, Faier Get Leading Roles in 'Bettina's Promise'

The Woodstock Foundation play, "Bettina's Promise — The Broken Divining Rod," by Fritz Striebel and Virginia Hubbell, who wrote both the original version of "Bettina's Promise" or the Broken Divining Rod" as well as the new 1959 edition are likely to overlook this opportunity. However, Billy the true thespian, contends it would not be in character, so we'll see.

In Woodstock it is not enough that newspaper publishers and editors get out their weekly local newspapers. While Kiki Godwin of the Ulster County Townsman as president of the Woodstock Foundation organizes all the personnel concerned with the play's production and ticket sales, Paul Hamilton of the Woodstock Press takes on the heavy role of Bury, the ruthless villain of the piece. As Paul won considerable honors in last year's show, "Woodstock in Orbit," for both fine baritone voice as well as his acting ability, there is a question of whether the hero and the villain will fight it out in song.

Jules Viglielmo, who has figured prominently in many of the Foundation activities of the past, will play the role of the hard-hearted father, played originally by Sam Eskin.

Al Darnowski, whose name was new to most Woodstockers until he co-authored last year's play with Ernie Ward and Walter Balk, is director of this year's production. He and Ernie Ward, also active in the production of "Bettina's Promise," are still auditioning and assigning other parts in the play.

Auditions and rehearsals are being held this week at The Colony Arts Center, Rock City Road. Now is the time for everyone who wishes to participate in the play or assist in ticket sales or other work necessary to the ultimate success of this play, intended as the primary source of revenue for grants to creative Woodstock artists in all fields this coming year, to make known their desire and intention to participate. Applicants should attend any evening at 8 and consult the director or others concerned with the production end of "Bettina's Promise."

Youth Is Improving
NEW BEDFORD, Mass. (AP)—David Stewart, 15, of Seneca Falls, N. Y., injured when struck by a baseball pitching machine nine days ago, was reported improving today in St. Luke's Hospital.

He suffered a fractured skull and a brain laceration when the arm of the machine struck him at the Ted Williams Baseball Camp in Lakeville.

Doctors today said his condition is "good" but kept his name on the danger list.

Man for the Role
The role of Horace will be played by Billy Faier, which of course suggests that perhaps at some point in the evening's melodrama, Billy will be permitted to pick up his banjo and sing some of the folksongs for which he has achieved considerable

fame in this field throughout the country. Jules Viglielmo, who has figured prominently in many of the Foundation activities of the past, will play the role of the hard-hearted father, played originally by Sam Eskin.

Al Darnowski, whose name was new to most Woodstockers until he co-authored last year's play with Ernie Ward and Walter Balk, is director of this year's production. He and Ernie Ward, also active in the production of "Bettina's Promise," are still auditioning and assigning other parts in the play.

Auditions and rehearsals are being held this week at The Colony Arts Center, Rock City Road. Now is the time for everyone who wishes to participate in the play or assist in ticket sales or other work necessary to the ultimate success of this play, intended as the primary source of revenue for grants to creative Woodstock artists in all fields this coming year, to make known their desire and intention to participate. Applicants should attend any evening at 8 and consult the director or others concerned with the production end of "Bettina's Promise."

completely untrue. In the best traditions of the theatre, program notes will carry the solemn assurance that all characters are fictional.

The play is concerned with art and the artists. But it treats its subject lightly and humorously. Its story of Horace Peabody's struggles to be an artist against the opposition of his farmer-father who thinks Horace should stick to milking, was perhaps true to the times. Not even from his sweetheart, Bettina, did Horace find sympathy. She thought he should turn to something like sign painting where you made real money.

Man for the Role
The role of Horace will be played by Billy Faier, which of course suggests that perhaps at some point in the evening's melodrama, Billy will be permitted to pick up his banjo and sing some of the folksongs for which he has achieved considerable

fame in this field throughout the country. It is doubtful if the Woodstock authors, Fritz Striebel and Virginia Hubbell, who wrote both the original version of "Bettina's Promise" or the Broken Divining Rod" as well as the new 1959 edition are likely to overlook this opportunity. However, Billy the true thespian, contends it would not be in character, so we'll see.

In Woodstock it is not enough that newspaper publishers and editors get out their weekly local newspapers. While Kiki Godwin of the Ulster County Townsman as president of the Woodstock Foundation organizes all the personnel concerned with the play's production and ticket sales, Paul Hamilton of the Woodstock Press takes on the heavy role of Bury, the ruthless villain of the piece. As Paul won considerable honors in last year's show, "Woodstock in Orbit," for both fine baritone voice as well as his acting ability, there is a question of whether the hero and the villain will fight it out in song.

Youth Is Improving
NEW BEDFORD, Mass. (AP)—David Stewart, 15, of Seneca Falls, N. Y., injured when struck by a baseball pitching machine nine days ago, was reported improving today in St. Luke's Hospital.

He suffered a fractured skull and a brain laceration when the arm of the machine struck him at the Ted Williams Baseball Camp in Lakeville.

Doctors today said his condition is "good" but kept his name on the danger list.

Association Questionnaire Brings Excellent Response

The Woodstock Association for the Conservation and Improvement of the Township announces

that, although only four days have passed since the mailing of their questionnaire to 2670 registered voters in Woodstock township, 118 replies have been received.

Of the total mailing, 112 were returned due to unknown addresses, leaving a total of 2558 questionnaires. Of the effective mailing, 118 replies or 4.6 per cent have been received. Of these, 82 per cent were signed, indicating that the residents of our township are ready to stand up and be counted.

Of the seven hamlets that make up the Woodstock township, 76 replies were received from Woodstock, 25 from Bearsville, 8 from Willow, 4 from Shady, 3 each from Wittenberg and Zena and one from Lake Hill. A quick tabulation from the type of future growth indicated that 88 preferred residential, 83 and artists colony, 37 a resort town and five did not care.

These figures total more than the total number of replies, since many respondents checked two or more preferences under this question. There has not been time to make a complete tabulation of the preliminary results, but judging from the trend of comments, of which there were many, by far the larger number were directed at traffic, parking and related subjects.

The Woodstock Association is looking forward to a much larger number of responses in order that the accuracy of the survey may be improved.

Several persons have telephoned in to ask who were the sponsors of this survey. It should be made clear that the cost of this survey was covered by the Woodstock Association for the Conservation and Improvement of the Township, which is an organization of private citizens who are financing this work. This organization has no connection with (the) committee recently appointed by the town supervisor to investigate the advisability of establishing a town planning board.

For the information of those who have not followed the activities of the Woodstock Association, the members of the Board of Directors are: Howard Koch, Alvin E. Moscovitz, J. C. van Rijn, Elbert C. Varney and Benjamin L. Webster.

Advisory members are W. W. Blelock, Jr., Albert Cashdollar, Mervin Doremus, Alf Evers, Daniel C. Kleine, H. E. Landis, Jr., Elsie Miller, John Pike, William R. West and Carolyn Wilson.

Kramer's Letter Praises Activity At Camp Camelot

The following letter has been submitted by Abe Kramer of Woodstock and relates to the wonderful progress during Camp Camelot's first season in Woodstock.

"It's a wonderful thing when a man can fulfill a personal dream. It's especially wonderful when that dream provides something grand for a lot of people and is a credit to a whole community. It is all the more remarkable, then, that Hank and Jean Miller have accomplished as much as they have in the first year of their day camp on Boggs Hill—Camp Camelot—considering that they started last Spring with practically nothing but virgin acreage and the fire of an idea.

"This was impressively brought home to myself and many other parents at Parent's Day last Sunday at Camp Camelot, where a most enjoyable and rewarding day was spent by the campers and their parents. Operated along the lines of a full-fledged residence camp, with a full program of activities and excellent departmental staff, Camp Camelot demonstrated remarkable results Sunday. Not only the physical features and organization — the beautiful swimming pool, athletic fields, arts and crafts, tinkertown, the dining room and the meals the children raved about all summer.

"Most impressive to me was the obviously beneficial effect on the children themselves of the past summer's activities. The kind of training they have been receiving in self-discipline and pride of accomplishment, both individual and in teamwork, is not only an enjoyable and unforgettable experience, but is a wonderful way to build a health and character foundation which will help them do better whatever they will do in the future.

"Of course is one of the cardinal aims of Camp Camelot and the Millers, and therefore I feel that a 'Hat's Off' salute from the whole community is due Hank and Jean Miller for adding something so desirable and needed to the Woodstock scene. . . . Abe Kramer."

God as Divine Mind Is Sunday Topic at Christ Scientist

How the understanding of God as Divine Mind brings health and harmony will be brought out Sunday at Christian Science services in Woodstock.

John's account of the healing by Christ Jesus of the impotent man at the pool of Bethesda (Ch. 5) is presented in the Bible readings. The Lesson-Sermon is entitled "Mind."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (339:25-28): "The basic of all health, sinlessness, and immortality is the great fact that God is the only Mind; and this Mind must be not merely believed, but it must be understood."

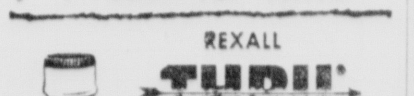

The Golden Text is from Psalms (147:5): "Great is our Lord, and of great power; his understanding is infinite."

Rochester Board Discusses Roving Dogs, Road Damage

Destruction to property by roving dogs, damage to the Queen's Highway by construction trucks and a new location for the town dump were among matters which came up before the Town of Rochester town board at its August meeting.

A regular meeting held on August 6 was adjourned until August 10 when a lengthy discussion on a resolution regarding insurance ensued. At the adjourned meeting the discussion on the motion continued and after lengthy deliberation the motion, offered by Councilman Morris Sims, was tabled for further study.

All members of the town board attended the regular meeting, together with other town officials and several interested residents. A welcome was extended to the visitors by Republican Supervisor A. Richard Terwilliger.

Supervisor Terwilliger's report showed a balance of \$24,432.56 in the General Fund; \$51,514.64 in the Highway Fund. Town Clerk Elsie E. Rider Smith reported total receipts of \$971.60 and tax collected reported fees of \$638.86. Claims in the amount of \$541.77 were approved and ordered paid from the General Fund.

Supervisor Terwilliger informed the board that serial bond No. 3, of 1956 had been paid. Communications were read.

Discussions were held on numerous matters including complaints of residents regarding the annoyance and destruction to gardens, yards, etc., by roving dogs, some of which were believed to be unlicensed.

The condition of Queen's Highway which was being used by heavy trucking for the widening and resurfacing of Route 209 was discussed. The matter has been turned over to the town attorney who has contacted the construction company, the bonding company and other officials connected with the project.

A report was made of the investigation being made in finding a new location for the town dump, and some new locations were suggested as possibly being available and approved.

Councilman Morris Sims (D) presented a combined two part motion regarding insurance which was seconded by Justice Raymond Lawrence (D). Lengthy discussion followed and at a late hour the board adjourned its regular meeting until

August 10 and at that time the board reconvened and after continued lengthy discussion and deliberation a motion was made by Councilman Ross Coddington (R) to table the Sims motion for further study. That motion was seconded by Justice Abram D. Smith (R) and carried. Supervisor A. Richard Terwilliger (R) appointed the following committee to further study the matter:

Councilman Morris Sims (D), who presented the motion; Justice Raymond Lawrence (D), who seconded the motion, and Councilman Ross Coddington (R).

The meeting was adjourned.

Steel Talks Are Resumed Today

NEW YORK (AP)—The United Steelworkers Union and the Aluminum Co. of America resumed contract negotiations today after a recess since Aug. 4.

ALCOA representatives were also to meet here today with United Auto Workers Union negotiators, and in Pittsburgh with the Aluminum Workers International Union. All three unions have members employed by ALCOA.

ALCOA contracts with the unions expired early this month, but the unions agreed to continue work until 30 days after a settlement is reached in the current steel strike unless new pacts are achieved before that time.

Would Increase House

Two Persons Hurt In Tillson Crash

Two persons were injured at 12:35 a. m. today when the car in which they were riding failed to negotiate a curve on Route 32 and crashed head-on into a tree at Tillson.

Lake Katrine State Troopers David Wachtel and Robert Fink reported the 1956 automobile was operated by William Shaw, 38, of 16 Pehl Road, Poughkeepsie. He suffered chest injuries. A passenger, Elaine Wazewski, 15, of New Paltz, received injuries of the head, right shoulder and right ankle, troopers said. The vehicle was traveling south on Route 32 when it failed

to negotiate a right curve. Troopers said the car crossed the highway and went off the left shoulder hitting a tree head-on.

Troopers said the injured were taken to Kingston Hospital.

Carole Ordered To Stand Trial With Dr. Finch

WEST COVINA, Calif. (AP)—The shapely sweetheart of Dr. R. Bernard Finch must stand trial with Finch in the gun slaying of his socialite wife.

Carole Tregoff, 22-year-old ex-model, shook with sobs Tuesday when Municipal Judge William M. Martin ordered her held for trial with her 41-year-old lover. They are accused of the July 18 fatal shooting of Barbara Jean Finch, 33.

Miss Tregoff's attorney said he will file a writ seeking the girl's freedom. He said she is being held illegally on insufficient evidence. He also contended her constitutional rights were violated when she testified at Finch's preliminary hearing without being warned her statements could be used against her.

Deputy Dist. Atty. Fred Wichello replied that Miss Tregoff "took the position of voluntarily testifying against herself." He noted that she originally was summoned as a prosecution witness.

Mountain Top Is Cast Near Family By Quake in West

BOZEMAN, Mont. (AP)—A quake-shattered mountain cast its top within 50 feet of an Arizona family of campers.

The mother, Mrs. Henry Bennett, 55, of Cottonwood, is recovering today from shock. Her husband, their son Royal, 10, and daughter Janet escaped injury.

The Bennetts were camped in Rocky Creek Park when the quake hit about midnight Monday. Mrs. Bennett and her children dragged Bennett, an invalid, in a sleeping bag up a mountainside to safety.

Half an hour later the Bennett's car and trailer were under water. The Bennett family was evacuated by helicopter.

Skyliners Coming For Drums Show At Dietz Saturday

The Skyliners senior drum and bugle corps of the Bronx will be among five outstanding units competing in the second annual Pageant of Drums, scheduled Saturday at 8 p. m. in Dietz Stadium.

The marching and musical spectacle is sponsored by Joyce Schirick Post 1386, Veterans of Foreign Wars and its drum corps, the Red Devils.

The Skyliners represent Samuel H. Young Post 260, American Legion, of the Bronx.

Their competition routine is based on a "big city" theme, Broadway show tunes and other music reflecting the New York scene.

Leslie (Bud) Munson, general chairman, announced today that only 500 reserved seats remain unsold, and it is expected there will be a brisk ticket sale before the Saturday event.

Other corps scheduled to compete include the famed Reilly Raiders, winners of the 1958 pageant; the Lt. Norman Prince Corps of Boston, Mass.; the Interstatesmen, a consolidation of the former Cohoes Grenadiers and the Marauders of Pittsfield, Mass.; and the Colonial Cavaliers of the Port Ewen Drum and Bugle Corps.

Robin Ann McAllister, 6, of Delmar, will present a special twirling exhibition during the pageant.

Saugerties Board Offered 2 Village Parcels of Land

Two parcels of land in the village described as useful to the community were offered for sale by S. Berzal & Co., Saugerties area mushroom growers in a letter read at the Monday night Village Board meeting.

The letter signed by Mrs. Mildred Berzal offered for sale to the village two lots situated behind the Exchange Hotel, now used by the hotel as a parking area, and a wooden barn and lot behind Broomes Hotel on Partition Street.

Could Be Metered

Mrs. Berzal's letter said the two lots diagonally opposite the municipal building could be metered and provide additional revenue. The letter pointed out that the lots are always occupied by cars. The letter also suggested that the barn off Partition Street might be used to store village road equipment.

The board after discussion authorized Village Clerk Ernest R. Ackert to answer the letter advising the firm that the village was not interested in the offer at this time, and suggested that they contact the Saugerties Area Chamber of Commerce on the proposition. No price was mentioned in the letter.

The clerk read a letter from Saugerties Postmaster Edmund U. Burhans regarding parking restrictions on the north side of Livingston Street to facilitate the movement of mail trucks in and out of the post office loading zone. He suggested that the situation would be improved if the no parking sign at that point were moved 17 feet to the west in line with the western boundary of the building used by Richard Carnright. He said the post office had no objection if such action is considered by the board. In discussing the situation, it was pointed out that another change extending the restricted zone would require an amendment to the parking ordinance. The matter was turned over to the town attorney for further study.

Open Sealed Bids

Two sealed bids for the purchase of a new dump truck to be used also as a snow plow were opened by the board but action was tabled for further study of the bids. Knaust Motors Inc., Saugerties submitted a bid of \$7,000 plus the trade of the old 1950 truck. Beare Bros., Catskill bid \$7,600 plus the trade-in.

Frank Short, sewer commissioner was authorized to purchase supplies and order repairs to the sewage disposal plant on Dock Street at a cost of \$198.88, less discounts.

Village Clerk Ackert read a letter from Father Harty Drum Corps, thanking the Village Board for the use of the municipal auditorium for rehearsal purposes in the past years. The letter stated that the corps had decided "for several reasons" to disband.

In an effort to resolve the south side water main installation dispute between the village and Benny Lombardi, contractor of Highland, a conference was

held between the board, Hallock Alvord of Morrell Vrooman of Gloversville, engineers retained by the village, Lombardi and his foreman, Allan Hasbrouck.

Asked To Set Figure

Alvord suggested that Lombardi take up the matter of setting up a settlement figure with his attorney and the Village Board would also work out a figure in order to arbitrate the matter and come to a fair settlement at a later meeting.

The board contends that Lombardi violated the time penalty clause in going over the contract limit of 109 days. Lombardi installed 10-inch water main on the south side replacing the six-inch water main. The action was taken by the board to improve the water service in that part of the village and to relieve pressure difficulties of Glasco Water District consumers fed by the village supply. There was some discussion on a proposal that the village waive 30 days of the limitation due to the late delivery of pipe to Lombardi. The matter or repaving the streets also entered into the discussion.

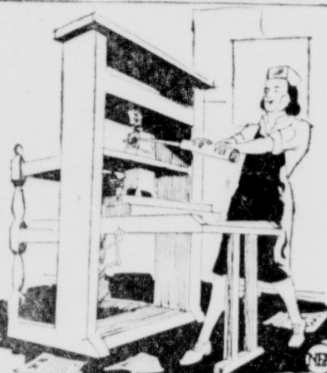

Exemption papers of Adslam Riffie of Washington Hook and Ladder Company who served 1954 to 1959 were approved by the board.

Prudential Names New Staff Manager

Robert J. Ross, 159 Bruyn Avenue, has been named a staff manager in the Prudential Insurance Company's Kingston district office. Harry Shaub, district manager said today.

Ross, a 1938 graduate of Kingston High School, is active in the American Legion, the Holy Name Society and the Wiltwyck Hose Co. He has been an agent in Kingston since joining Prudential in 1948.

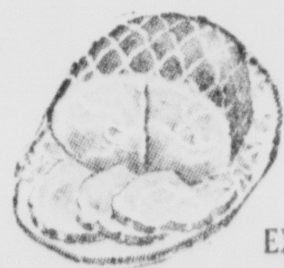

matter of FACT

Printing came to the Americas with the Spaniards, who built the first press in North America at Mexico City in 1539. One hundred years later a press was set up in Cambridge, Mass., the forerunner of many colonial presses which spread the fiery speeches of the patriots urging independence from England. Among the most famous of the early printers was the renowned statesman, author, patriot and inventor, who called himself simply "B. Franklin, printer."

Ellenville Driver Jailed on Charge

Fred Chester, 32, of Ellenville, was in the Ulster County Jail this morning, in lieu of \$200 bail set by Justice of the Peace Herbert Poppel after the man was arraigned on a charge of driving a motor vehicle while intoxicated.

Trooper William Shurter, of Ellenville, lodged the charge after a collision in which two per-

sons were injured early Sunday. Hearing for Chester was deferred until Friday.

According to authorities, Chester attempted to pass another car on Route 32 near the intersection of Old Woodbridge Road, Ellenville and hit a car operated by Louis Sirota, 37, of the Bronx.

Injured and taken to Veterans Memorial Hospital, Ellenville, were Bendie Sirota, 46, a passenger in the Bronx man's automobile, and Elizabeth Shervington,

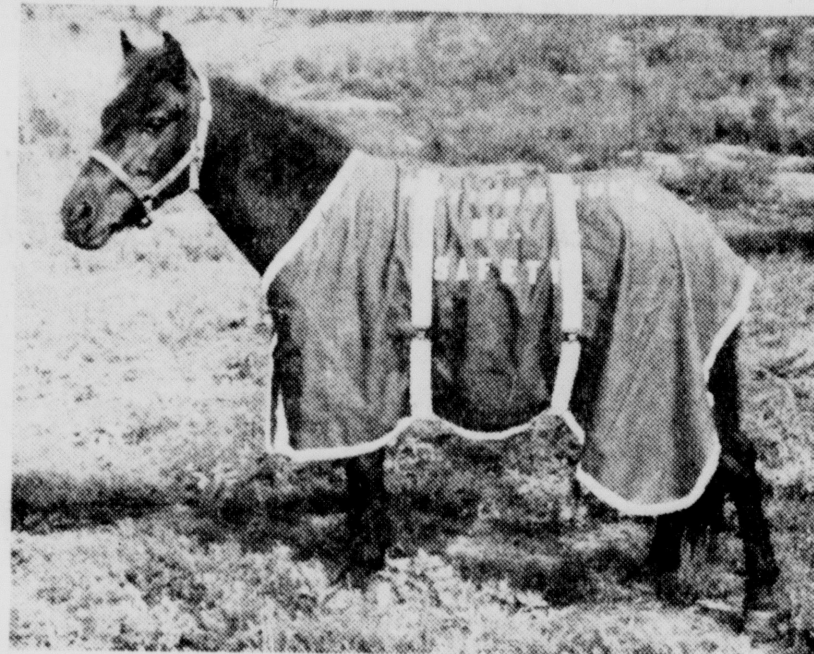

32, of Philadelphia, Pa., a passenger in Chester's car.

Two Chevy middleweights prove their rawhide stamina!

Top hands on high-country hauls!

Ask any trucker who's been over Wolf Creek Pass, 10,850 feet up in the San Juans: a 9-mile pull to the summit and low gear all the way down. Mr. C. H. Phillips of Alamosa, Colorado, has a 6403 and a 6503 Chevrolet truck that are up over this route the year round, taking sheep and beef to pasture, later marketing the stock in Denver. In less than a year, his Chevy middleweights have averaged about 50,000 miles of

this kind of treatment—and they're going stronger than ever! Watch Chevy trucks at work out in range country. It's a sight to see the way they pack into high-up mountain pastures and handle through brush and rock like a cowman's favorite cutting horse. Take any truck work for that matter. Chevy middleweights probably handle a bigger variety of jobs than any trucks alive. About anything you name, includ-

ing work that used to be reserved strictly for bigger rigs. When a truck's built the way a Chevy is, lean-muscled and rawhide-tough, it takes to ugly trails the same way most trucks roll over the highway. It just keeps going, without a big to-do, but looking good every mile of the way. How they do it is your Chevrolet dealer's department. He'll be glad to supply details and specifications on the type of models you need.

No job's too tough for a Chevrolet truck!

Hogan Cracks Down On 3 Men, Firms For 'Forever' Ads

NEW YORK (AP) — Forever, said the district attorney, is a long, long time.

That's why he investigated four men and two companies allegedly involved in advertising that made claims of:

A pocket radio that will work forever without batteries or tubes (\$4.95).

A floor wax that ends floor waxing forever.

A car wax that ends car polishing forever.

100,000 Bought Cream

A grass food that keeps lawns green forever.

A battery additive that makes a battery run forever.

A skin cream that instantaneously restores youthful beauty to old faces.

And flowering shade trees that grow root high in a single season.

Manhattan Dist. Atty. Frank S. Hogan said at least 40,000 people who bought the skin cream, the radio or the battery additive demanded their money back.

The radio sales, said Hogan, brought in almost a million dollars, and the skin food sales about half a million. The products were nationally advertised.

That means about 100,000 people bought the skin cream, at \$4.95 a jar. Hogan said it was merely cold cream and inferior cold cream, at that.

Epsom Salts Additive

The miracle radio, said Hogan, was nothing more than an old-fashioned crystal set.

The battery additive, Hogan said, was mostly epsom salts.

Other Births

14th Twins Are Born for Year

Births recorded by the city registrar recently included the 14th set of twins born here, to date, this year.

They are William Ayres and Robert Alan born Aug. 10 at the Benedictine Hospital to Mr. and Mrs. Donald Ellis Briggs, Box 217, Town of Hurley.

Other births recorded recently were:

Aug. 10 — Cynthia Catherine to Mr. and Mrs. Paul Ernest Davis, 166 Main Street, Port Ewen, and Sheila Jean to Mr. and Mrs. Arnold Gerald Every, Box 221, West Hurley.

Aug. 11 — Jeffrey Alan to Mr. and Mrs. Arthur H. Boughton, 83 Hasbrouck Avenue, Byron Edward to Mr. and Mrs. Edward Francis Sanford Jr., 17 Orchard Street; Rachell Bessina to Mr. and Mrs. Robert Smith Sr., 42 Sycamore Street; Barbara Jean to Mr. and Mrs. Richard Thomas Shaw, RD 3, Box 341, Town of Saugerties, and John Ernest, Fifth, to Mr. and Mrs. J. E. Drewes, Rural Route, Lake Katrine.

The area was saturated with police and detectives, but no disorders were reported.

The blacked-out area stretched 51 blocks along the West Side, and 36 blocks along the East Side. It reached a mile and a half wide, from the Hudson to the East River.

Computers Needed To Behave More Like Human Brain

SAN FRANCISCO (AP)—Computers could do a wonderful job as military planners if only they could learn, the director of an Army study project said today.

Machines capable of learning are on the way, he added.

"The goal, of course, is to make the computer behave more like the human planner," Julius Brick told the Western Electronics Show and Convention.

"This is the direction in which computer designers will be heading for some time," he declared in a paper before a military electronics section.

Paper Boosts Price

KANSAS CITY (AP)—The Kansas City Star announced last night a five-cent weekly increase in its subscription price, effective Sept. 1.

The new price will be 50 cents a week for morning, evening and Sunday issues, a total of 13 newspapers a week.

The Star said the price increase was necessary because of rising costs.

Aviation Pioneer Dies

LONDON (AP)—Claude Grahame-White, 79, Britain's first qualified British aviator and air mail pilot, died today.

HE'S GOT TO GO—Peter Zylstra has been informed by Ferndale, Mich., police that his six-month-old lion has to go. A city ordinance prohibits keeping of animals other than those normally kept as house pets. He intends to take it up in court.

Elmira Man Heads State Odd Fellows

ROCHESTER, N. Y. (AP)—Charles Martel of Elmira has been named grand master of the State Grand Lodge of the Independent Order of Odd Fellows.

Others elected Tuesday were Irving Schwartz of New York City, deputy grand master; Donald Lathron of Niagara Falls, grand warden; William Kempen of New York City, grand secretary; Fred Diehl of Silver Springs, grand treasurer; and Clarence Munter of Buffalo, representative to Sovereign Grand Lodge.

The four-day convention ends Thursday.

Lightning Strikes

ST. LOUIS (AP)—A bolt of lightning hit the Illinois Terminal building, where the Globe-Democrat is located, Tuesday, sending bricks and debris hurtling to the street 12 stories below.

No one was hurt. Most persons in the area had taken shelter from the downpour.

Family of Seven Living Four Days In Parked Auto

RANDOLPH, Mass. (AP) — A homeless family of seven has been living for four days in an automobile parked on a construction company lot.

Offers to house and feed the family began pouring into the police station as soon as their plight became known Tuesday night.

In the family are Edward Glaze, 33, a construction worker; his wife, Rose, 36, an expectant mother, and their five children, ranging from 2 to 12 years of age.

The children slept on the front and back seats of the sedan while the parents slept on blankets on the ground.

Glaze said they sold all their household belongings to finance a trip to Arkansas to visit his sick father.

In Travis, Mich., their car broke

down. Glaze got work as a berry picker to make necessary repairs to the car.

Deciding their trip was fruitless, Glaze said, the family returned to Boston.

Glaze returned to his old job as a tire changer with the construction company and the owner permitted him to camp on the firm's lot.

AKWARD SITUATION FOR BRIDEGROOM

Dear Mrs. Post: I am going to be married soon and as my fiancée's family are not too well off financially, the wedding reception is to be limited to members of both families. I am a member of a small club, and heretofore whenever any of the members were married, the whole group received invitations to the wedding and reception and I am sure they are expecting the same from me. Since I will not be able to follow this practice, would it be in good taste to write a personal note to each one explaining the circumstances, and enclose it with the church invitation?

Answer: Although it is usually best not to make excuses, I think under the circumstances you describe, informal notes of explanation will be quite proper.

Putting Invitations in Their Envelopes

Dear Mrs. Post: I am in the midst of addressing my wedding invitations and there seems to be a difference of opinion as to the correct way of folding the invitations and inserting them into the envelope. Will you please straighten us out on this detail?

Answer: If the invitation fits into the envelope without folding, it is inserted with the engraved side toward you. A large invitation is folded in half with the engraving inside, and inserted folded edge into envelope first.

To Avoid Evening Clothes

Dear Mrs. Post: I plan to be married at a seven o'clock evening wedding. It will be a simple wedding. Someone told me that a wedding after six o'clock requires guests to wear evening clothes. I definitely don't want this. Will you please tell me how I can make this fact known to my wedding guests?

Answer: Add at the bottom of your invitation, "Day Dress." Mrs. Post offers readers leaflets on a variety of subjects concerning etiquette. If you would like to have her leaflet E-11, entitled, "Do You Know Your ABC's of Manners?" (Quiz for Boys and Girls of High School Age), send 10 cents in coin to Dept. E. P., care of The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y. Mrs. Post is sorry she cannot answer personal mail. (Released by The Bell Syndicate, Inc.)

Bikes Go to College

Strange things are happening on American college campuses. Believe it or not, the automobile is being barred to undergraduates at many schools and the use of bikes being encouraged because of the mammoth traffic problems created by the horseless carriage. (It couldn't have happened to a nicer bunch of kids!)

At Skidmore, for instance, cars are barred to freshmen and sophomores; at Smith, cars are permitted only during the last two months of the senior year. Southern Illinois University will bar cars to ALL students in 1960, while at present only juniors and seniors may drive.

Bikes provide rapid, dependable transportation between classes, students report, and provide recreation through beach and picnic outings and other activities through the school year. And the physical exercise encourages the mental alertness necessary for the long collegiate year.

Cars and Lower Marks

While car use is discouraged

on campuses because of traffic conditions, it has also been learned that car owners, in high schools, at least, generally record lower marks.

In an Idaho survey, for instance, not a single straight-A student owned a car; only 15 per cent of B students owned one. But 41 per cent of the C students owned cars; 71 per cent of the D students; and 83 per cent of those FAILING OWNED CARS.

But even though many colleges officially urge bike use, thousands of bikes are regularly used on hundreds of campuses across the country as a student preference, surveys have disclosed.

One thousand are used at Princeton; 3,200 at the University of Florida; 1,000 at UCLA; 3,100 at Michigan State; 450 at Radcliffe; 2,000 at Smith; 1,100 at Vassar; 2,300 at the Davis Campus of the University of California and 400 at the University of Colorado.

If this trend continues, who knows students may again be singing "Bicycle Built for Two." So, if you want to be a big wheel on your campus, ride a bike.

Fifth Annual Church Fair at Lyonsville To Be Held Saturday

LYONSVILLE—All kinds of good things are being concocted in the local kitchens this week as preparations are going forth for fifth annual church fair of the Lyonsville Reformed Church to be held at the community hall Saturday, with all booths opening promptly at 5:30 p. m. This is the final event occurring during the church centennial.

Food for a snack to a meal will be available at the Snack Shack. Homemade baked items will be featured at the bake sale booth. Last winter during inclement days nimble fingers were at work preparing articles for this year's fancy article table. The dessert delight will be found at two booths—homemade cake and coffee and the old style homemade ice cream and the soda booth. Produce and plants will consist of home grown varieties. Miscellaneous booths will be available also. Entire proceeds will benefit the church repair fund.

Trygve Lie Going To Sogne Wedding

OSLO (AP) — Trygve Lie, Norway's former secretary general of the United Nations, will attend Saturday's wedding of Steven Rockefeller and Anne Marie Rasmussen in Sogne.

Lie said he had been invited by Anne Marie's parents and he was delighted to accept because of his long friendship with Steven's father, Gov. Nelson A. Rockefeller of New York.

Lie was U. N. secretary-general when the Rockefeller family donated the land for the U. N. headquarters building in New York. He is now a provincial governor and a so-called economic ambassador for Norway.

Mrs. Nelson Rockefeller spent almost the entire day Tuesday with the Rasmussen family. She toured the countryside around Sogne, looked over the wedding arrangements, inspected the businessman's club in nearby Kristiansund, where the wedding reception will be held, and visited the island of Borøyen, Anne Marie's birthplace.

There are more than 5,000 known species of moths and butterflies.

"Quality Is Remembered Long After Price Is Forgotten"

Decision Reserved In Case on Homes

NEW YORK (AP). — Federal Judge Richard H. Levett has reserved decisions on the petition by 140 members of the Homebuyers Assn. of Lakeside Village in northern Westchester County for reorganization of four building corporations.

The petitioners said through counsel that they invested more than \$250,000 in the project, but only 46 homes had been completed when the builders halted operations last March because of financial troubles.

They said the down payments of more than \$250,000 by 140 families on new homes which were to be constructed may be wiped out.

The builders are the Hunterbrook Building Corp., the Mohawk Building Corp., the Whitehall Building Corp. and the Three Hundred Building Corp.

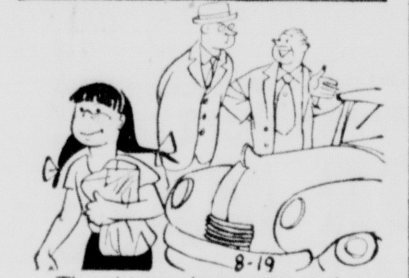

In reserving decision Tuesday, the judge continued a stay—issued Aug. 6—which holds up all proceedings to enforce any lien or judgment against the property.

Lakeside Village was to have occupied 200 acres off Route 202 in Horktown.

Expect Largest Group on Sunday At Auriesville

What is expected to be the largest pilgrimage in the recent history of the Auriesville Shrine will take place Sunday when Richard Cardinal Cushing, archbishop of Boston will lead the mammoth Massachusetts pilgrimage to the Shrine.

His Eminence has made the Foreign Missions of the Church, and the Persecuted Church behind the Iron Curtain, the intentions of the pilgrimage.

Auriesville cradles the Shrine of Our Lady of Martyrs and is the site of the Iroquois Village, Ossernenon where the Saints Isaac Jogues, Rene Goupie and John Laonde died for the Catholic Faith. It is also the birthplace of Venerable Kateri Tekakwitha, Lily of the Mohawks.

Raul Just a Visitor

SANTIAGO, Chile (AP) — Chile today treated Raul Castro, chief of the Cuban armed forces, as a private visitor.

Prime Minister Fidel Castro's younger brother got no official welcome on arriving Tuesday after the end of the Inter-American foreign ministers' meeting.

Castro said he was on a private visit to pick up the Cuban delegation to the conference.

Street War Averted

BOSTON (AP) — About 30 policemen with drawn guns broke up a threatened street gang war battle Tuesday night with whites on one side and Negroes on the other. Police said the youths were armed with clubs and knives. Sgt. John Pastore of the Roxbury division, where the outbreak took place, said the near-riote was the outcome of continuing hostilities.

IT'S ALL IN THE CARDS—When Bob Montgomery's (second from right) mother went out for a golf game, he and his pal, Billy Zambon (right), both 10, built a 16-foot-long one-story card house out of 3,500 baseball trading cards in Cincinnati, Ohio. Susie Montgomery, 8, and Terry Zambon, 6 (at left), made suggestions. Fortunately, no one sneezed. The house has been razed to make way for people.

Binghamton Man Thinks Relics Are From Cortes Ship

MIAMI, Fla. (AP) — Edwin A. Link of Binghamton, former president of Link Aviation Inc., says he thinks he has found the remains of a Spanish conquistadors' ship off Yucatan, Mexico.

Link, who developed the Link Trainer that was used in teaching pilots during World War II, arrived here Tuesday.

He said an ancient cannon and other articles he brought up from the hulk were claimed by the Mexican government for its national museum.

The wreck probably was one of the ships of Hernando Cortes, who conquered Mexico for Spain in the early 1500s he said. The cannon was of the Lombard type, popular in the 16th century, he said. Link continued:

"It seems entirely plausible to believe it was from one of Cortes' ships. We know his fleet was in that area and a clumsy old Spanish ship caught in a prevailing easterly blow might easily have piled up on this reef."

Tragedy at N-F Tourists Watch As Woman Dies In Suicide Drop

NIAGARA FALLS, N.Y. (AP)—A woman crawled to the brink of Niagara Falls late Tuesday night and dropped over head first as 200 honeymooners and tourists watched in horror.

Minutes later, a policeman lowered himself from Prospect Point with ropes. He said her body, was on a ledge about 30 feet below the brink.

The pounding waters washed her to the bottom of the 167-foot American falls before rescuers with special equipment could reach her.

She was identified from papers in a purse left on Prospect Point as Helen Gorski, 49, of Buffalo. Police said she had been in ill health.

Some of the tourists told police that just as the last of a battery of floodlights was going off at 11:15 p.m., they saw the woman crawling on her hands and knees toward the brink.

They said she looked back over her shoulder at them once and then went over the edge.

Police said it apparently was a well-planned suicide. "She knew what she was doing," they said.

Slam Follows Transfer Bid

By OSWALD JACOBY
Written for NEA Service

South's two heart response was the Jacoby transfer to spades and North's two spade bid the automatic response.

South's three diamond bid was natural, showed a two suited hand and forced to game at the same time. With a maximum 17 point no-trump including three aces, four good diamonds and the king and one spade North saw distinct slam possibilities and started the ball rolling with a bid of four clubs.

South's four diamond bid showed that his diamond suit was a good one and North could now count 12 tricks if South held the spade ace. His four no-trump bid was Blackwood (after a transfer bid any four no-trump is) and his five no-trump was an effort to get to seven. He wanted to be there if South could show two kings.

In the play of the hand South won the opening spade lead in dummy and led a spade to his ace. When both opponents followed to that lead he ruffed a

Set Polio Clinic For State Fair Patrons Sept. 4-12

ALBANY—A poliomyelitis inoculation clinic will be held Sept. 4 through Sept. 12 at the New York State Fair in Syracuse. Dr. Herman E. Hilleboe, state health commissioner, announced today.

The clinic will be sponsored by the State Health Department in cooperation with the Onondaga County Medical Society and the Medical Society of the State of New York.

Clinic hours will be from 11 to 7 p. m. and members of the Onondaga County Medical Society have volunteered to staff the clinic as a public service.

This will be the second year that a free polio vaccination clinic will be held at the State Fair. Last year, more than 6,000 persons received the Salk anti-polio vaccine at the clinic.

Boy, 2, Victim Of Burns During Apartment Blaze

WATERTOWN, N. Y. (AP)—A two-year-old boy was burned fatally Tuesday night when a fire damaged a three-story brick apartment house.

David Oatman died today in Mercy Hospital. Two sisters, Kim Marie Oatman, 3, and Melanie Oatman, 5, were in critical condition.

Police said the cause of the fire, mostly confined to the Oatman apartment, was not determined.

James Booras, 30, told police he was asleep in the apartment and was awakened by the crackle of flames spreading from the children's bedroom.

Booras said he tried to get into the bedroom but was driven back by a wall of fire, police reported. Melanie made her own way to safety. Firemen took both Kim and David from the apartment.

The children's mother, Mrs. Florence Oatman, 25, said she was on a porch downstairs talking to neighbors when the flames swept her apartment, police said.

Chances Are Dim For Rights Bill

WASHINGTON (AP) — House backers of legislation to broaden the civil rights laws were conceding today their hopes of action this year have almost vanished. They were blaming an unplanned combination of Soviet Premier Nikita Khrushchev and Southern Democrats.

Khrushchev's contribution was to build up overwhelming sentiment for Congress to adjourn early in September — merely by scheduling his visit to this country for Sept. 15.

Time Is Essential

The Southerners as usual are fighting civil rights action with delaying tactics.

If Congress speeds up its adjournment, there will almost certainly not be time for the civil rights forces to maneuver their way around the Southern roadblocks.

And there is a growing expectation that Congress—without making the action too obvious — will adjourn long enough in advance of Khrushchev's arrival to make sure the legislators won't be faced with the embarrassment of a possible appearance of the Soviet chief at a joint session.

The chances for enactment of a new civil rights bill at this session seemed today to rest on a pos-

sible change of mind by the Southerners.

'Stripped of Features'

Some of them are known to be arguing privately that it might be wise to permit an early vote on the watered-down version of President Eisenhower's civil rights proposals which has been favorably reported by the House Judiciary Committee.

The arguments are that inevitably, some sort of civil rights law will be passed before next year's presidential election. The bill now snagged in the House has been stripped of the features the Southerners opposed most strenuously. In 1960, with both parties fighting for minority group votes, competition might result in a far tougher civil rights bill.

Troops Besiege Invaders

PORT AU PRINCE, Haiti (AP)

—Haitian troops today were reported besieging 30 bearded invaders on a mountain on the southwest coast. The invaders are believed to be from Cuba. Cuban Prime Minister Fidel Castro has conceded that the invasion force is probably led by a Cuban, whom he denounced as an adventurer attempting to embarrass his revolutionary government.

Vince Fisher Raps 3 Homers, Has 10 RBIs in Little League

SPORTS

By CHARLES J. TIANO
Freeman Sports Editor

The Kingston Braves, best team to represent the city in the New York-New Jersey League since its inception, has completed the home phase of its 1959 schedule.

If you want a last look at the local contenders, you'll have to go to Poughkeepsie Riverview Field tonight, where the N.Y.-N.J. pennant is on the line in the monumental battle between the Braves and the Holy-Bowl squad.

Poughkeepsie's only loss in the current campaign was a 5-0 shutout hung on them by Bob Maines at Dietz Stadium. That was the night the Braves racked up four runs on Larry DeVita in the first inning.

The stage is set for what could be another classic pitching duel between Maines, who is unbeaten, and DeVita, a classy southpaw who has lost only one decision. It's the top ball game of the season. The Braves are at the point of no return. They have to win. The Holy-Bowls could lose tonight and bank on a tie and playoff for the 1959 gonfalon. It's a ball game that might be worth the trip to Poughkeepsie.

• Brown Bears Do Attack:

If you're planning a trip to Alaska to hunt brown bears this fall, you'll be interested in this piece of information: Brown bears positively will attack a man without provocation says long-time guide Ralph W. Young of Petersburg, Alaska. Brown recently told Outdoor Life, "I firmly believe that no animal is more dangerous to hunt than these mighty monarchs of the northern wilderness. Young took issue with an article by Earl J. Fleming who 'interviewed' 402 bears and claimed they would practically never attack unprovoked. 'At least three times,' says Young, 'I have been charged by brownies that had no provocation. In none of these cases were we hunting the animals that attacked us. I doubt if there is a professional brown bear guide in Alaska who has handled as many as 30 hunters who haven't faced at least one bona fide attack by a brownie.' Young has seen thousands of brown bears and has been in on several hundred brownie kills and should know whereof he speaks.

• It's People, Not Shoes:

It's not the kind of golf shoes you wear, but how you handle the feet that harms putting services, according to a survey made of chairmen of greens committees by the United States Golf Association.

Tests indicated that most severe damage was produced by spiked shoes and the least by ripples (and this will come as quite a shock to the rabid anti-ripple soles group). The tests were criticized because they were based on appraisals made on the turf plots after they had been walked upon and did not reflect the effects of turning and scuffling. The survey showed that some men do more damage playing than others with any kind of sole.

"We have about six men who ruin a green with any shoe," said one harrassed greens committee chairman. "They are either careless of the way they walk or drag their feet. I can tell the next day when any of these men have played merely by looking at the greens."

Does your club have any of these Neanderthal monsters roaming the greens? Of course, every club has, but, unfortunately, it seems that they are never called. Year after year they go on ripping up greens, while the conformists throw up their hands in horror. But nothing is ever done about it.

MY ACHING EPICONDYLTIS: Dr. James R. Regan, a Milwaukee orthopedist and bowler, says, "There are few safer and more healthful sports than bowling." But he warns that "occasionally a hook bowler who promotes vigorously in delivering the ball, will suffer an attack of epicondylitis from excessive strain on the later epicondyle."

Don't get excited, keglars, all the man is trying to say is you might get a sore arm.

Mrs. Chilson's Net 33 Takes First Place at Twaalfskill

Mrs. George Chilson carded a net 33, with 42 gross and 9 handicap to win Tuesday's Criers tournament in conjunction with Ladies Day at The Twaalfskill Club.

Under the rules of the tournament, players were permitted to pick out their worst hole and revert to par on that hole. Mrs. Chilson opened with an 8 on the first hole but salvaged a 4 under the rules.

Mrs. George Rusk was runner-up with 46-12-34, substituting a par 5 for a 10 on the long fifth hole. Mrs. William D. Harris, who tied Mrs. Chilson for low gross at 42, netted 42-7-35, substituting a 5 for a 7 on the fifth.

Other results: Mrs. Edward Remmert, 49-13-36; Mrs. Hugh R. Elwyn, 51-13-38; Mrs. George Schneider, 49-13-36; Mrs. Edward Minasian, 49-13-36; Mrs. Robert Umpley, 57-19-38.

Mrs. Remmert won the putting prize with low total of 15 putts for the nine holes. A quota tournament over 18 holes is scheduled next Tuesday.

Grand Slam Poke Helps Indians Rout Tigers, 16-1

Sensational Batting Spree in Playoff Opener

Vince Fisher slammed three consecutive home runs, including a grand slammer and knocked in 10 runs to pace the Shults Paint Indians to a 16 to 1 victory over Canfield Tigers in the first game of the National Little League playoffs Tuesday at Kingman Field.

Fisher, who also pitched a six-hitter and struck out seven, launched the most spectacular individual batting spree in local Little League history with a grand slam home run in the second inning. He followed with a 3-run homer in the fourth and hit for the circuit with one aboard in the sixth.

Two successive home runs have been rare in area Little League competition, but a trio of four baggers in one game—and in succession—represents a historic batting achievement.

Fisher lost his shutout in the first inning when the Tigers picked up their only run. The Indians shelled Tom Lucas for 12 hits and missed scoring only in the fifth inning. Lucas walked four and fanned eight.

Jim Williams stroked three singles for the Indians. Pete Bonavita had a single and double and Ron De Cicco a pair of singles. Dick Schabot led the Tigers with a single and double and Bub Bunt stroked two singles.

Armand Farina to Seek Sixth Woodstock Open

ARMAND FARINA

Armand Farina of Schenectady, a five-time winner of the Woodstock Open, will head a crack field in the renewal of the area classic on Friday.

Farina holds the tournament record of 98 for the 27-hole event set in 1951 on lines of 33-31-34. He led the pros in 1950 with an even 100; shot 102 in 1952 when he birdied the first six holes the third time around; posted 100 in 1958 and 104 in 1953.

More than 20 of the Northeastern PGA's top professionals and a flock of area amateurs will compete in Friday's tournament.

Miss Bridgton Winner Of Monticello Feature

Miss Bridgton, a six-year-old roan mare, owned, trained and driven by Frank Pike, captured her second straight feature win last night at Monticello Raceway.

She came from behind to catch Fairview Peter D. 20 feet from the wire. The winner paid \$14.80. Third was Sadir Pick, a pleasant night attracted 5,152 patrons to the Catskill mountain oval. Apparently many of them had the daily double, which returned a sum \$21.60, when Strom Hanover (2) won the first and Crafty Belle (1) won the second race.

Longshots during the evening included Cold Spring Netta (\$34.10) and Eric's Lady (\$31.50). The handle was \$234,533.

Raichle Upsets Alvin Boice; Will Meet Hughes in Finals

Alvin Boice, a five-time champion, won't have a chance to defend his laurels in the 1959 championship flight at The Twaalfskill Club.

Clarence (Dubby) Raichle eliminated the multiple champion, 1 up, in a thrilling semi-final match and will meet George Hughes in the 36 hole final on Sunday. Like Boice, the sweet swinging Hughes is also a five-time champion.

The results by flights:
(Championship Flight)
George Hughes defeated Clarence Raichle, 5 and 4; Joe O'Connor d George Schneider, 1 up; Charles H. Gaffney d Dr. Douw Meyers, 1 up; Gene Berardi d Louis J. Smith, 1 up in 19 holes; Clarence Raichle d William Merrill, Jr., 2 up; Judge Bruhn d Harry Kaprelian, 2 and 1; Richard Overbagh d Frank Vogt, 4 and 2; Alvin Boice d Ernest Schirmer, default.

Hughes reached the semi-finals without lifting a club, getting first and second round defaults from Clarence Buddenhagen and Joe O'Connor, then beating Charles H. Gaffney, 7 and 5.

En route to the finals, Raichle downed William Merrill Jr., 2 up, then won over County Judge

Louis G. Bruhn by the same margin.

Dr. Rodney Ball, Saugerties dentist, has advanced to the finals of the Class A flight with wins over Richard Wood, 2 and 1; Floyd W. Flint, 2 and 1; and a 1 up victory over Dr. Michael Diacovo in 19 holes. Play has not advanced beyond the second round in the Class B competition.

(Class B Flight)
Dr. Ball d Flint, 2 and 1; Dr. Diacovo d Fuller, 6 and 4; Dr. Ball d Dr. Diacovo, 1 up, 19 holes.

(Class C Flight)
Harry Thayer defeated Howard St. John, 2 and 1; Robert Schoonmaker d Dr. Jack Lehner, default; James L. Quinn d Dr. Kenneth L. Foye, default; Alfred E. Schmid d Jim Lukehart, default; James Berardi d Louis R. Netter, default; Gus Brinnier d Gus Schrowang, Jr. 6 and 5; William Merrill, bye; Hank Brigham d Robert O'Reilly 3 and 2.

New Kingston Sports Club Set To Play Soccer Matches Here

TEAMWORK—Brian Hewson trots Clonalvy Romance after the greyhound completed its first trial at White City in London. Hewson, top British miler, keeps in shape with his dog.

A new sports club, primarily interested in international soccer, has been organized in Kingston and has already played its first informal soccer match.

Known as the Kingston Sports Club, it will have headquarters at Hoppey's on Wall Street, and hopes to branch out into other sports.

The officers of the Kingston Sport Club, who meet every Wednesday at 8 p. m. at Hoppey's are: Kurt Schoch, president; Carl Bohlmann, vice president; Rudolph Schlichting, treasurer; Gustav Horn, assistant treasurer.

Otto H. Scherrieble of High Falls will serve as general secretary. Tibor Horvath is the trainer; Rune Karlson, captain; Fritz Weber and Gustav Horn head the Players Committee.

The soccer division of the club played an informal game against the Schenectady Football Club at Turner Park in Schenectady last weekend and put up a surprising showing in a 2-1 defeat.

In New Uniforms

The Kingston squad was attired in their new, natty uniforms of maroon and white. Schenectady gained a 2-1 advantage in the first half, but the Kingston kickers rallied to hold them scoreless in the second half. This was an excellent showing considering the fact the locals have been in training only a short time.

The veteran Schenectady players, seasoned by long years of competition, showed their appreciation towards Kingston by presenting the locals their first soccer trophy, a figurine with a soccer player kicking a ball.

The Sports Club hopes to arrange a return game with Schenectady at a local diamond, in the near future.

Baseball on TV Stimulates Interest in Game—MacPhail

By FRITZ HOWELL

Associated Press Sports Writer

NEW YORK (AP)—Baseball is entertainment, as is television.

What we have done is merge the two so the public can enjoy our great national pastime.

That's the answer of William C. (Bill) MacPhail, director of sports for the Columbia Broadcasting Co., Inc., to charges by minor league baseball men throughout the land that the telecasts of big league games have practically wrecked their domain.

"We feel," MacPhail said, "that baseball on television—any brand of baseball—tends to create and stimulate interest in the game in general, and in the home town in particular, if the latter is properly promoted."

"We in television do not feel that televising of the major leagues on Saturday and Sunday has materially affected the structure of minor league baseball. The figures show that the trend of the diminishing minor leagues was well in evidence long before television became a factor in 1953."

"At its peak, the National Association had 59 leagues in operation—namely the 1948-50 era. In 1953, when major league baseball first entered into the national television market, 38 leagues were in operation—a drop of 34 per cent."

"Last year, there were 24 leagues in operation, a ratio in proportion with the pre-television decline."

In addition to the charges hurled at television, the minors blame their sagging situation on such things as the far-flung farm system and the bonus plan, both of which they say tie up all available talent for the majors, desire of the minors to "make a quick buck" instead of having a long-range cooperative plan which might save the minors; lack of leadership willing to take a strong hand in settling major-minor differences, and a multitude of other things.

The fact remains that the once far-flung empire of minor league teams continues to crumble.

At the Wright Brothers National Memorial on North Carolina's Outer Banks there is a replica of the workshop they used in 1903 when preparing for their famous flight.

Owls Top Crows In Jaycee, 10-6

The Owls defeated the Crows, 10 to 6, behind the four-hit pitching of Neil and Jordan Pauker in the Jaycees Little League Tuesday. Pauker struck out 10.

Jack Schatzel led with a double and two singles, as the Owls collected 14 hits off John Osterhoudt and Joe Matey.

Neil Pauker helped his own cause with a single and double, Bart Williams and Jordan Pauker each had two singles. Osterhoudt slammed a pair of doubles for the Crows and Bill Boyle had one.

Owls 230 400 10 14
Crows 050 018 6 4

Neil Pauker, Jordan Pauker and Dan Gaffney, Bill Metter; John Osterhoudt, Joe Matey and Chris Chafealous.

Bream Homers, Hurls 3-Hitter

John Bream checked the Kingston Yankees on three hits and struck out 10, as the Ulster-Albany Business Men's Indians racked up an easy 9-1 victory, Tuesday in the Town of Ulster Little League.

Al Kozan stroked a single and double and Rich Koyan had a single for the only hits off Bream.

Bream helped his own cause with a home run and single, while Lou Perry and Dave Long each had two singles.

A Night for Him, So Phillips Stars

By THE ASSOCIATED PRESS

Have to hand it to Buffalo's Jack Phillips—he's a crowd pleaser.

The Bisons' outfielder had drawn 9,651 fans into the stands at Buffalo Tuesday night in honor of "Jack Phillips Night."

In the third inning, with Buffalo leading 1-0, Phillips stepped to the plate with the bases loaded and—of course—smacked a grand slam homer.

The 6-0 Bison victory over last-place Toronto snapped a three-game losing streak for the league leaders and upped their edge over runner-up Havana to 6½ games.

The Sugar Kings split a double-header with Richmond, winning 6-3 after losing the opener 3-2. Third-place Columbus remained 7½ back with a 4-3, 10 inning triumph over Miami. Montreal defeated Rochester 14-4.

Dallas Green pitched the shut-out for Buffalo, limiting the Maple Leafs to seven hits.

Lefty Ed Dick checked the Sugar Kings with four hits in the first game.

The Sugar Kings wrapped up the nightcap with a four-run sixth inning featuring Borrego Alvarez two-run double.

John Jaciuk's two-out single drove in Ken Hamlin, who had doubled with the winning run for the Jets.

Despite George Wilson's three homers, which scored all the Red Wing runs, the Royals had an easy time of it.

Jones Delays Doubles Choice

BROOKLINE, Mass. (AP)—U.S. Davis Cup Captain Perry Jones said he will not name his doubles team for the challenge round until the day the team is to take on Australia in the finals of the international tourney.

"It will be a last minute thing, probably just about an hour before the match," the 71-year-old non-playing captain said Tuesday after naming the four men who will defend the U.S. possession of the coveted cup at Forest Hills, N.Y., Aug. 28-30.

Jones selected Bernard (Tut) Barten, of Dallas, to replace Ham Richardson, who has withdrawn. Three other members—Alex Olmedo, Earl Buchholz and Barry McKay—were on the team which last year upset Australia in the challenge round.

The Australian choices were Neale Fraser, Roy Emerson, Robert Mark and Rodney Laver.

Jones said he may use the double team of Olmedo and Buchholz, currently top-seeded in the U.S. Lawn Tennis Association's National Doubles tourney, for the Davis Cup doubles.

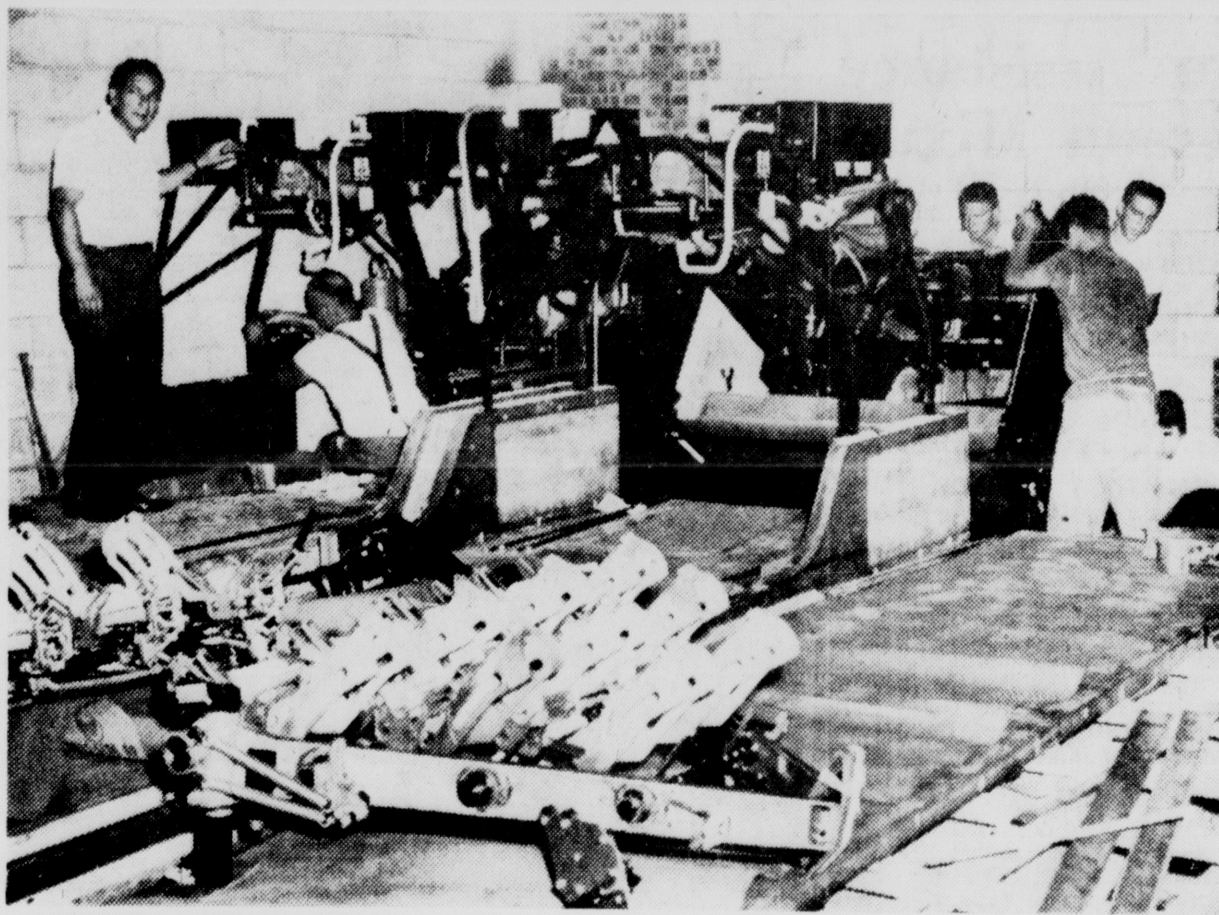

They had little trouble Tuesday, whipping 17-year-old Ramsey Earnhart, Ventura, Calif., and Paul Palmer, Phoenix, Ariz., 6-2, 6-2, 9-11, 6-2, in a second round match.

Olmedo and Buchholz today will test a pair of Californians, Larry Nagler of North Hollywood, and Allen Fox of Los Angeles.

Pastrano-Anthony Bout on Television

BALTIMORE (AP)—The State Athletic Commission announced today that the Civic Boxing Club has been granted permission to hold a nationally televised show here Sept. 18.

Commission Chairman Charles Rosenbaum said the heavy-weight fight between Willie Pastrano and Tony Anthony will be staged indoors at the Coliseum.

Majors Pledge Support

Full Steam Ahead Due For Third Major League

By JOE REICHLER
Associated Press Sports Writer

NEW YORK (AP)—Leaders of the Continental League vowed today to move full steam ahead to organize their embryo circuit with eight teams and acquire the necessary players to operate as a major league by 1961.

Greatly encouraged by the support given by baseball's top brass at Tuesday's day-long meeting, Continental League President William A. Shea said they will go to work adding three cities to their current five-team circuit. The founding cities are New York, Toronto, Houston, Denver and Minneapolis-St. Paul. Then they will huddle with American and National League Presidents Joe Cronin and Warren Giles to work out a system for acquiring players.

Acceptance is subject to the newly-formed league complying with requirements, including minimum stadium capacity, financial requirements, population of franchise cities, and a pension plan for the players.

Shea Encouraged

Shea, who admitted entering the meeting with some misgivings, was elated with the outcome. Commissioner Ford Frick and his major league committee promised baseball's full support provided the new league met specified requirements.

"There never was any problem in regards to our complying with all of baseball's rules and regulations," Shea said. "We're fully aware of the problems concerning territorial rights and players. We expect no difficulty acquiring the territory and players."

Rickey, named president Tuesday morning, termed the results of the meeting with his former associates as "splendid."

The 77-year-old Rickey, who relinquished his stock in the Pittsburgh Pirates as well as the chairmanship of its board of directors to accept his new post at a \$30,000 a year salary, foresaw no problem at all in acquiring players.

Major Fingo on Winning Binge

By THE ASSOCIATED PRESS

Powerful Major Fingo continues his winning ways.

The brown colt by Major Hal took a six-length victory in the \$2,100 Rutland Pace for 2-year-olds at Saratoga Raceway Tuesday night.

The winner was considered such a standout in the seven-horse field, that the race was conducted as an extra event without waging.

His time for the mile was 2:06. Major Fingo is owned by C. T. Black of Berryville, Va., and was driven by Clarence Franklin.

In the sixth race, Indian Beach, a 3-year-old pacing filly, tossed her driver, Fred LaRouche, turned around and raced back towards the other six horses in the field. The others swung wide, averting a collision and Indian Beach, the favorite, was soon caught, no harm done.

Casanova Hanover (\$12,500) and McKey, (\$3) a pair of geldings won the two divisions of the \$4,300 Granville Trot with identical times of 2:07 2/5.

Other feature-race results: Roosevelt Raceway—Lumber Bill (\$12,100) won Class A pace in 2:02 4/5.

Vernon Downs—Famous Mite (\$9) and Crescendo (\$14.30) won divisions of Class B trot.

Monticello Raceway—Miss Bridgton (\$14.80) won \$1,700 pace.

Batavia Downs—Bengazi (\$20.40) won \$2,000 Class A trot.

Moore 3-1 Pick To Retain Title

By BOB MYERS

Associated Press Sports Writer

LOS ANGELES (AP)—World featherweight champion Davey Moore risks his title tonight against the man he dethroned five months ago, Hogan (Kid) Bassey of Nigeria.

The 15-round, nationally televised scrap is scheduled to go on at the Olympic Auditorium at 7 p.m., Pacific Daylight Time. It will be televised nationally over the ABC network.

The 25-year-old champion from Springfield, Ohio, remained a 3-1 betting favorite to keep the rule of the world's 126-pounders in the United States.

Soft-speaking, hard-hitting Davey overpowered his 27-year-old rival and stopped him in 13 rounds in a brawl last March 18 that was a sizzler all the way.

Moore, with a record of 13 knockouts in his 36 wins in 42 fights, is rated the harder puncher. The "Kid," as Bassey's countrymen named him on a grand tour of Nigeria last fall, has stopped 20 foes in 67 bouts.

Bassey won the vacant featherweight title in 1956 when he stopped Cherif Hamia of France in 10 rounds. He successfully defended it here when he knocked out Piarito (Little Bird) Moreno of Mexico in three rounds.

Moore required only one round to shoot down the Little Bird and earn his shot at the title.

MacDougall Hits 599 in Classic

Ralph MacDougall put together games of 183, 213 and 203 for 599 series in the Summer Classic League.

Les Wilt posted 200-521, Joe Emashowski 501, Hank Enders 211-522, Jim Gougeon 525, George Magley 562, Charlie Scheid 537, Bob Hood 203-517, Don Jankowski 200-563, Ray Ashdown 204-518, Bill Beckert 549, Lou Petromale 505, Ed Ashdown 538, Bob Peterson 204-543, Don Herdman 201-585, Roger Miles 206-522, Al Cross 538, Jack Blinder 510, Ralph Garafola 534, Frank Ferrendino 207-530, Marty Friedman 220-571, Fred Sichel 208-535.

Teenagers Gain U.S. Golf Finals

WASHINGTON (AP)—Diana Hoke, 17-year-old star of the National Girls' Golf Championships, meets 16-year-old Margot Morton of Indiana, Pa., as the tourney enters its round of 16 today.

Diana, from Pittsburgh, matched par for 13 holes Tuesday over the Manor Country Club's 6,162-yard, par 73 course to beat Mary Lowell of Alameda, Calif., 6 and 5.

Miss Morton ousted Nancy Way of Grand Rapids, Mich., 7 and 5.

Two upsets marked other opening matches. Judy Turinmke of St. Louis who at 14 is Missouri women's champion, was knocked out by Judy Loftfield of Phoenix, Ariz., 3 and 1.

Sharon Flados of Dubuque, three times Iowa Junior titlist, lost to Heidi Prentice of Winnetka, Ill., one up.

49ers Among Top Picks In NFL's Western Loop

By ALLAN CLINE

Associated Press Sports Writer

SAN FRANCISCO (AP)—A couple of brand new National Football League head coaches put the San Francisco 49ers near the top in pre-season NFL Western Division picks.

One is 49er Coach Red Hickey. "We'll settle for nothing but the top," he says. Last season, when he was an assistant to Frank Albert, the 49ers settled for fourth with a 6-6 record.

The Washington Redskins' Mike Nixon was the other coach speaking highly of the 49ers. After they beat him 27-24 Sunday in the final seconds, Nixon commented:

"They have the makings of a balanced ball club, solid both on defense and offense."

It'll be a novelty if that's the way it works out. The 49ers have a tradition of good offense, no defense. Last year, they were the worst in the league, giving up an average 5.4 yards on every play made by the opposition.

To correct the deficiency on defense, Hickey switched his two biggest linesmen, Bob St. Clair, 265, and Frank Morze, 275, from offense to defensive end and tackle respectively. The other defensive linemen are Leo Nomellini, 255, and Charli Krueger, 245, who broke an arm in his first game last season.

Hickey concedes he has line-backing problems. Matt Hazeline, a six-year man, Jerry Tubbs and Dennis Morris make up the starting group. Call them about average. Rookie Bob Harrison from Oklahoma is the coach's hope to help out there.

Shokan Scores In Onteora Loop

Shokan handed Onteora its fourth straight loss in the Onteora Recreation softball league, 11-4. It was Shokan's third straight triumph over the Profs.

Tosi checked the losers with 5 hits, while Shokan collected 15 off Bud Finch. Arnie Cribbins homered for the winners. Joe Capone slammed three singles. Finch hit a double and single for Onteora.

Williamsport Holds Eastern League Lead

By THE ASSOCIATED PRESS

Williamsport pushed across a three runs in the first inning Tuesday night, then let rookie Pitcher Al Neiger do the rest in a 4-1 victory over York.

The victory kept the Eastern League leaders a game and a half ahead of Springfield, which trounced Lancaster 12-4.

Reading defeated Binghamton 5-2 and Allentown beat Albany 6-2.

Tony Curry banged out his 46th double of the year—tops in the league—to drive in two Williamsport runs in the first.

Springfield bombed Lancaster pitching for 15 hits and took advantage of five errors by the Red Roses.

Larry Stubing and Tom Haller led the Giants' attack with three hits apiece.

Walt Bond hoisted Reading to victory by driving in four runs with a single and three-run homer.

Allentown touched Lev Spencer for three home runs in the first three innings then chased the Albany right-hander with three more in the seventh.

Dempsey Pledges Assistance To Ingie-Patterson Mixup

By ED CORRIGAN

Associated Press Sports Writer

NEW YORK (AP) — An old-time promoter was back in the fight game today to help solve some of the confusion surrounding the heavyweight championship.

Jack Dempsey, now 64, was hired Tuesday as promotional director and adviser to the embattled Rosensohn Enterprises which still hopes to stage a return world heavyweight championship bout between Ingemar Johansson and Floyd Patterson on Sept. 22. Johansson won the title from Patterson last June 26.

Dempsey has been out of the promoting dog for a long time but he had a couple of good ones in his day. His last one was the Max Baer-Max Schmeling bout in 1933. A couple of years before that he handled the Baer-Paulino Uzcudun battle in Reno.

And, of course, Dempsey had some experience in the ring. This is a salaried post for the ex-heavyweight champion and he emphasized that he has no stock in the corporation.

The company had its promoter's license suspended by the New York State Athletic Commission because of "statements," made by

Bill Rosensohn, ex-head of Rosensohn Enterprises in a magazine article.

"I am prepared to go anywhere in the world to help the fight," said Dempsey. "I may fly to Sweden next week to talk to Johansson."

SARATOGA SPRINGS, N. Y. (AP) — Greek Page, ridden by Manuel Yeaza, and Irish Lancer, carrying Eddie Arcaro, topped a field of a dozen two-year-olds today in the \$60,000 Saratoga Special.

The Circle M Farm's Mommy Dear easily won the Glens Falls purse Tuesday in 1:24, five lengths in front of Miss Blue Gem. Mommy Dear, the blue favorite in the 3-year-old filly event, paid \$5.50. Recette was third.

Greek Page, owned by Mrs. Wallace Gilroy, won the Flash here on opening day, while Pebblebrook Farm's Irish Lancer won his last three starts.

Close in the betting for today's six-furlong event was Greentree Stable's unbeaten Weatherwise. Weatherwise carried 119 pounds, a penalty for winning the Sanford Stakes.

C. V. Whitney's Tompon, who finished second in the Sanford, also was highly rated. Tompon carried 116 pounds, including champion jockey Willie Shoemaker, who was to fly from Chicago for the event.

Tinkham Veale 2nd's Vital Force, winner of the Tremont at Belmont had a change in riders for the Special as Paul Bailey replaced Bill Hartack.

The Special this year had prize money for the first four finishers. Previously the race was a winner-take-all proposition.

The race was worth \$38,725 to the winning owner and was expected to establish the choice for the \$75,000 Hopeful Stakes on closing day.

Giants' New Park For World Series Is Iffy Subject

By ALAN CLINE

Associated Press Sports Writer

SAN FRANCISCO (AP) — Playing a World Series in Caldecist Stadium — IF the Giants win the National League Pennant — could be much more than a West Coast first. It could be one of the goofiest.

There'll be a backstop, foul line poles and players lockers.

But the 11-million-dollar ball park on San Francisco Bay won't be completed. The public address system probably will be a mobile job. It may be a major project to get a bag of peanuts or a beer.

There may be little if any system to the parking and it may take patience and time to get to your seat. Don't expect outfield signs giving fence distances.

Poles from which to fly the American flag and the major league team pennants probably will be missing.

Nearly everyone connected with the San Francisco Giants new homes concedes the field will be playable for the Series third game, but the stadium will be a makeshift. It should be the league leaders win the pennant. The American League champ hosts the first two games.

Contractor Charles Harney figures he'll have 38,000 seats in the Giants now play in 23,000-seat Seals Stadium, smallest in the majors.

Classes Start Sept. 9 at New Paltz Central

Frederick C. Dippel, supervising principal of the New Paltz Central School has announced that school will reopen on Wednesday, September 9 8:35 a. m. There will be a half-day session the first day of school with full day classes beginning the following day.

During the last week in August every child registered in the Central School and Gardiner will receive a letter informing him of the opening of school. In the case of elementary children the letter will include a card indicating the child's grade, room number and teacher's name. High school students will find home room lists posted on the wall of the auditorium. They should consult these lists to determine their home room, and then report to their home room where they will receive their schedule of classes for the year.

Dippel urgently requests that any child in the district who has not been registered in school for next year do so during the week of Aug. 23. This may be done in the school office by the parent or the child and will avoid much confusion on opening day.

It will not be necessary for the following to register:

Anyone who attended the Central School, Gardiner or Tuthilltown last year; anyone coming from the Campus School or the St. Joseph's School into the ninth or tenth grades unless they have not previously had their schedule prepared for next year; any new students entering kindergarten who were registered last May. All other should register.

Bus Routes Listed

Buses will run over the usual routes at the usual time except for the following:

A district owned station wagon will pick up the children along Canaan Road and meet the regular bus. It will then proceed up Mountain Rest Road to Mountain Rest House and return to school picking up the students between Mountain Rest House and Canaan Road on the way down. Another district owned station wagon will pick up children living on the Guilford Mountain Road and will bring them to the regular bus on Libertyville Road. It will then pick up the Tuthilltown children who will be attending the Gardiner School and also the children who have in the past ridden on the Gardiner taxi.

No lunch will be served on opening day. On Thursday the cafeteria will be ready to serve meals. The cafeteria program is designed to provide a well-balanced diet at a minimum of expense.

Because the school is responsible for every student's safety from home to school and back again no student will be permitted to leave the school grounds during lunch period without written permission of his parent. Forms for this permission will be provided.

At a meeting of the Board of Education on June 4, a rule was adopted that no student would be permitted to drive a car to school without the written permission of his parent. Any student to whom such permission is granted must leave his car keys in the principal's office when he arrives at school in the morning and may not pick them up until after dismissal except in an emergency.

Carrier Returns To Quonset With 2 Dead, 20 Hurt

QUONSET POINT, R.I. (AP)—The aircraft carrier USS Wasp—a hangar compartment blackened by an explosion—brought two dead and some 20 injured crewmen into port here today.

The big ship was participating in antisubmarine maneuvers about 230 miles off the Virginia coast Tuesday afternoon when she was shaken by an explosion.

The blast occurred when a helicopter engine "oversped" during a routine test in the hangar area just below the carrier's flight deck.

The copter's pilot, Lt. (J.G.) Jim Frank Hagman of Marianna, Fla., was killed.

Aviation Apprentice Donald Howard Trask of Keene, N.H., drowned in an elevator pit while fighting the resultant fire.

Four destroyers taking part in the maneuvers, helped fight the fire. It was brought under control in 50 minutes but flared up again. It was finally extinguished in 20 minutes.

Scores of Awards Await Marksmen Of Turkey Shoot

SAUGERTIES — Scores of awards including turkeys and sporting equipment will be available for winning marksmen at the Saugerties Fish and Game Club field day and turkey shoot Sunday beginning at 9 a. m. at the Ricks farm in Churchland, near Mt. Marion.

Competitions will be staged for 12 and 16 gauge shotguns, and 22 rifles. There will also be spin casting and archery tournaments.

Barry Brice, chairman of the event announced that pony rides will be available for the kiddies.

The site of the shoot is situated on the Veteran-Mt. Marion Road. Those coming from Route 212 (Saugerties-Woodstock Road) may turn into the Veteran-Mt. Marion Road at St. Thomas' Chapel Church at Veteran.

Participants coming from Route 9W may turn in at the PVI Bridge three miles south of Saugerties, and take the first right turn past Mt. Marion Four Corners. Signs throughout the Town of Saugerties will direct patrons to the site.

Brice said area sportsmen in neighboring counties and vacationers are welcome to participate. Some equipment will be available for those who do not own a gun, spinning outfit or archery set.

There will be plenty of free parking on the grounds and refreshments will be available at the site.

The receipts of the shoot will be used for the clubhouse building fund.

Fishing Derby Committee List Announced Today

The Saugerties Jaycees' committee for the annual fishing derby Saturday for youngsters of the community was announced today by Karl Gerhard, chairman.

They are Dr. Richard Messina, George Turner, Jaycee president; Robert Schnell, Donald Lawson, Harold Hagopian, and Charles Rice.

The annual event will be held from 2 to 4 p. m. at the Valley Farm pond on Route 9W at the northern village line. The property is owned by Knaust Brothers Inc.

Registration forms are available now in the following places of business in Saugerties: Amrod's Department Store, the Corner Store, Grand Union, Vordik's Marine and Sports, and P. C. Smith's hardware store.

The contest is open to any child between the ages of six and 15, residing in the Town of Saugerties. Children under 10 must be accompanied by an adult.

Six awards will be presented in the following categories: heaviest, longest, youngest child catching fish, first legal size fish caught, second heaviest and third heaviest.

Children may also register at any time before the contest starts.

State Dairymen Meet Deadline On Brucellosis

ALBANY—Dairymen in New York State have successfully met the July 1, 1959 deadline mandated by the New York State Sanitary Code for control of brucellosis in dairy herds, Dr. Herman E. Hilleboe, state health commissioner, said today.

Brucellosis is a generalized infection in cattle. It is often known as undulant fever when transmitted to man.

"Control of the disease in both man and animal in the state has been made possible through the joint cooperation of the New York State Department of Agriculture and Markets and the department of health," Dr. Hilleboe said. The state health commissioner praised the work of the veterinarians and the dairymen who have cooperated so splendidly in this program.

There has been a dramatic decline in the number of reported cases of human brucellosis or undulant fever since 1950. This reduction coincided with the accelerated program for the control of the disease in cattle. Prior to 1950, approximately

250 human cases of brucellosis were reported annually. This was at a time when nearly 50 per cent of the herds harbored infected cattle. Thus far in 1959 only seven cases have been reported.

"Brucellosis is an outstanding example of the control of human disease through the elimination of the reservoir of infection in animals," Dr. Hilleboe said. "The chief factors in meeting the Sanitary Code deadline requiring the elimination of diseased cattle have been the untiring efforts of veterinarians and the elimination of diseased cattle by dairymen," he added.

The answers to everyday Insurance problems* by HERMAN J. EATON, C.I.U.

QUESTION: If I have the delivery man at my store use my personal car for some deliveries in an emergency am I still protected by my ordinary Bodily Injury and Property Damage Insurance?

ANSWER: Yes, so long as it is only in an emergency. If you made regular use of your car for deliveries your insurance would have to be bought in a different classification.

Given Heavy Penalties

CHICAGO (AP) — Two youths arrested at the scene of a racial disturbance on the West Side were given heavy penalties by a Municipal Court judge Tuesday.

Fred Bahling, 18, was sentenced to 90 days in jail for failure to disperse. Frank Bleers, 18, a laborer, was fined a total of \$700 for disorderly conduct and failure to disperse.

They were seized Aug. 6 when a crowd of more than 3,000 persons gathered in front of a three-story apartment building recently bought by a Negro family. The neighborhood previously was all white.

School Parley Is Planned Tonight On Bus Problem

The Kingston Rural School Area committee, which was formed to confer with the Kingston Board of Education, Consolidated, in regard to school bus transportation for pupils who might be compelled to travel dangerous areas en route to schools, will meet tonight at 8 o'clock at the Town of Esopus auditorium in Port Ewen.

At this meeting plans for a final course of action will be discussed and the course to be taken in regard to the board of education's school bus policy will be outlined. Arthur B. Ewig, Kingston attorney who has been retained by the committee, will be present.

This will be an open meeting and interested persons are invited to attend. The school bus problem as it has thus far progressed will be outlined and information will be available to all interested parents.

Plans Burglary, But Falls Asleep

NORTH BERGEN, N. J. (AP) — Wayne Smith, 25, must show up in Municipal Court today because he was caught sleeping on the job. John Riechert said he came home to his second floor apartment Tuesday and found Smith sleeping on his bed.

Police said Smith told them he had climbed a fire escape and entered the apartment to rob it, but lay down on the bed to rest and fell asleep.

Smith, a die maker, was charged with breaking and entry.

Warm, Humid Weekend Looms

ALBANY, N. Y. (AP) — The extended weather forecasts for New York State, prepared by the U. S. Weather Bureau, for the period from 7 p. m. today to 7 p. m. Monday.

Eastern New York — Warming trend at the beginning, followed by warm and humid weather through the weekend. Temperatures averaging 5 or more degrees above normal. Scattered afternoon evening thundershowers are expected to begin Friday and continue through the weekend with spotty rainfall amounts.

Western New York — Hot and mainly dry weather indicated with temperatures averaging several degrees above normal. Warmer Thursday and continued quite warm past the weekend. Widely scattered thundershowers beginning Thursday afternoon or evening and repeating through the remainder of the period. They are expected to produce an average of less than one-half inch of rain, poorly distributed over the area.

Temperature Normals — Normal temperatures over Upstate New York now range from overnight lows in the middle 50s to 60s, to daytime highs in the middle 70s to low 80s.

Gets State Post

ALBANY, N. Y. (AP) — Gaylord W. Hymen of Trumansburg was appointed executive secretary of the State Board of Standards and Appeals today.

The post pays \$12,976 a year. Industrial Commissioner Martin P. Catherwood said Hymen would take over the post Sept. 8.

Hymen has been director of personnel relations with the Cooperative Grange League Federation Exchange in Ithaca.

He will be in charge of administrative functions of the Standards and Appeals Board. The agency tests building materials and equipment used by industry.

More on Way

Three Left Dead By Flash Flood

NEEDLES, Calif. (AP) — A flash flood has left three dead and one missing on the California-Arizona desert. Forecasters say another cloudburst may be on the way.

The Weather Bureau said it couldn't predict the extent of showers expected today. A cloudburst Monday night dropped more than an inch of rain in three hours on this farm town on the Colorado River.

The storm washed out major highways, destroyed bridges, stranded hundreds of motorists, flooded Needles stores, ripped up railroad tracks and endangered isolated hamlets.

Massive walls of water poured out of normally dry ravines and sent boulders skimming like pebbles over Highways 66 and 95, virtually sealing off the town. At least eight persons narrowly escaped serious injury as the torrents swept cars off the highways.

The three dead were Santa Fe Railway track workers.

Third of Mountain Moved by Quake

BUTTE, Mont. (AP) — A mountain blasted by an earthquake "looked like someone took a big scoop out of it from top to bottom," an aerial observer says.

H. A. Frank of Butte flew over the quake area Tuesday. "At least a third of the mountain was moved. I never saw anything like it in my life. It is about a mile square," he said.

The scooped-out part of the mountain crashed across the canyon with such force that it was piled higher at the far side than near the mountain.

Frank said he saw a number of other slides. He said one was 450 yards wide. It turned the upper part of Cliff Lake into solid mud.

Hopeful Parley Will Halt New Caribbean Forays

SANTIAGO, Chile (AP) — Most of the foreign ministers of the Americas hope one of their major actions at their conference here will shame troublemakers in the Caribbean into behaving themselves.

The majority of the 21 ministers made it plain before they ended their Caribbean peace conference here Tuesday that they don't like what's going on in that sea of trouble south of the United States.

They left banking heavily on public opinion to bring moral pressure on people who disturb the peace in the Caribbean and elsewhere—at least until more permanent measures to be arranged at the regular Inter-American conference scheduled in Quito next February.

The Santiago conference did not single out any culprits or slap any specific wrists, even though the fight continued at the conference table between representatives of the two major Caribbean antagonists, Prime Minister Fidel-Castro of Cuba and Generalissimo Rafael L. Trujillo, dictator of the Dominican Republic.

Even before the conference the ministers said they did not plan to umpire the invasions ranging back and forth in the Caribbean. They said they wanted to create a psychological climate that would keep would-be invaders at home or at home-in-exile.

The most immediate step taken was to direct the Inter-American Peace Committee of the Organization of American States to keep watch over the trouble spots, study ways to prevent attempts from abroad to overthrow legal governments and report to the Quito conference next winter.

The committee can make investigations at the call of a victimized country or on its own initiative. But for an on-the-spot check, the committee will have to get the consent of the country it wants to investigate.

FBI Is Hunting Ex-Convict Friend Of Dead Widow

DOWNIEVILLE, Calif. (AP) — Experts are seeking the cause of the death of Pearl Ada Putney, 72, whose bones were found scattered in a wooded foothill area of the Sierras a year after she vanished.

The wealthy widow last was seen Aug. 15, 1958 in Marysville, Calif., six weeks after she left her home in Washington, D.C. with an ex-convict on what she called "a last fling." The bones, found Sunday, were identified Tuesday.

Sheriff W. D. Johnson said he understood the FBI had begun a search for the ex-convict, Larry Lord Motherwell.

Motherwell was arrested Jan. 18 in Las Vegas, Nev. for questioning in the death of his 14-month-old mentally retarded daughter in Maryland in 1954. A grand jury declined to indict him in Frederick, Md., in that death and he was released Feb. 6.

To Paddle 500 Miles

ROME, N. Y. (AP) — An airman from Griffis Air Base started paddling a kayak today on a 500-mile trip to Plymouth, Mass.

Airman 3 C. Robert McKnight, 23, of Newton, Mass., took off in his 11-foot kayak on the first leg of the voyage.

McKnight will paddle down the Erie Canal to Troy, then down the Hudson River to New York City.

He then will skirt the Atlantic Ocean side of Long Island and head for the Cape Cod Canal. From there, he'll head through the canal to Plymouth, Mass.

McKnight said the trip would take about 16 days and cost about \$80. He is on leave.

He built the kayak in the base hobby shop at a cost of \$33. McKnight is carrying a letter of greeting from the Rome mayor to the mayor of Plymouth.

Gas Repels Rioters
